1		45458	I stongly agree with the points mentioned in this petition.	8/13/2006 16:31
2		45458	As a parent of two, and someone who uses WTRC a lot, I fully support this petition. It is a shame that a precious life has to be lost before the authorities can realize the need of safety measures. As an OHIOan for last 5 years, I would expect the authorities to be ahead of the curve and should have done some study regarding the traffic at this crucial junction, which involves hundreds of kids every day. Thank you, Arun	8/14/2006 8:24
3		45458	I strongly feel we need to have stricter traffic rules at that intersection.	8/14/2006 15:04
4		45458	I am a Washington Township resident and support this petition.	8/14/2006 15:27
5		45458	WTRC has expanded their facilities and now, there are even more children enjoying activities at the recreational center. If we have low speed limits close to schools to prevent accidents, why has there been such high speed limits close to the recreational centers with so many children involved? I agree that we need to change traffic rules near the entrance of WTRC. Our prayers are with the Garg Family. Regards, [REDACTED] and [REDACTED]	8/14/2006 15:59
6		45458	This is a must considering the amount of traffic in and out of the rec center...	8/14/2006 16:04
7		45342	The non-existence of the traffic light has already proven as a blunder for the agony of unlucky families. This can be avoided by installing a traffic light whic h will help in life security of the people. I fully support the change in traffic rule near WTRC.	8/14/2006 17:21
8		45458	Having a traffic light and reduced speed limit would greatly help everyone in providing safe travel around this area. Currently, this junction is very dangerous and traffic is way too much to not have the traffic light. It mus be implemented to save lives.	8/14/2006 18:38
9		46074	Please make it safe for our kids!	8/14/2006 19:48

10		46074	I strongly support this petition. It is imperative that we make the area around Washington Township Recreation Center safe for all families. I urge ODOT to take immediate action in this matter and respond with a sense of urgency. Thanks for taking community input into account.	8/14/2006 19:59
11		43026	Please lower the speed limit at this intersection.	8/14/2006 23:15
12		45458	I strongly support this petition in the interest of our citizens.	8/15/2006 5:23
13		45371	WE should not lose any more time. One precious life lost is too many. PLEASE revise the traffic rules for that intersection at the earliest possible	8/15/2006 6:42
14		45458	Yes	8/15/2006 6:45
15		45371	It should never have come to this. But it is still not too late. PLEASE don't let bureaucracy stand in the way of saving people's lives	8/15/2006 6:45
16		45371	Please do not let money or bureaucracy stand in the way of saving lives. No person will hesitate to contribute to such a cause if the concerned authorities make finance an excuse.	8/15/2006 6:53
17		45373	It is a must. too many accident or almost missed type junction. My husband works in the area and i hear it all the time. Please consider it for the sake of our children. [REDACTED]	8/15/2006 6:58
18		45365	I BELIEVE THAT THIS STOP LIGHT IS A NECESSARY THING. WHY DO WE HAVE TO DEBATE WHETHER A STOP LIGHT IS NEEDED OR NOT THERE ARE OTHER ISSUES THAT ARE NOT LIFE THREATENING TO PEOPLE AND THEY ARE RESOLVED WITH OUT A FIGHT. THIS SHOULD BE DONE WITHOUT A PETITION BEING FILED. IT'S MY UNDERSTANDING THAT THERE ACCIDENTS IN THIS AREA ALL THE TIME. WHAT IS THE ARGUEMENT?	8/15/2006 7:15
19		45429	gc	8/15/2006 7:19
20		45371	Please install a traffic light to prevent avoidable accidents.	8/15/2006 7:24
21		45415	I lived in Centerville from 1971-1982 and have visited the Rec Center many times. A traffic light would help to avoid accidents in this area.	8/15/2006 7:41

22		45373	The Ohio DOT should survey the area and take all the necessary measures to prevent these type of accidents	8/15/2006 7:41
23		45365	The Faster the better!	8/15/2006 8:03
24		45342	I support this measure wholeheartedly.	8/15/2006 8:36
25		45305	Please install a traffic light at this intersection.	8/15/2006 8:39
26		45377	In order to get drivers safe at this intersection a light needs to installed.	8/15/2006 8:41
27		45377	I agree a light needs to be installed.	8/15/2006 8:42
28		45066	I support both of the rule changes to add a traffic light and to reduce the speed limit near WTRC. If the traffic light is not added, I think that the passthrough between Garnet and WTRC should be closed to force people to go through the lot off McEwen to get into the WTRC parking lot.	8/15/2006 8:50
29		45377	PLEASE do whatever is needed so an accident like this does not happen ever again. And please do it quickly.	8/15/2006 8:52
30		45342	Please prevent this from happening again.	8/15/2006 9:06
31		45502	Since I work in this area, I know there is a need for a traffic light at this location.	8/15/2006 9:06
32		45066	We strongly support this petition. This intersection is between two day cares and WTRC. Many parents/babysitters are trying to fight the fast traffic to pick up kids on time or rush to next activities every day. To prevent the further tragedies, we support this petition!	8/15/2006 9:15
33		45429	I agreed at this location need traffic light. I absolutely support of traffic rule changes near the entrance to WTRC Petition to ODOT. This is a MUST - please do it. Thanks!	8/15/2006 9:15
34		45420	I have played basketball at the recreation center and even during non rush hour times this is a dangerous area. This should be corrected so the center can safely be enjoyed.	8/15/2006 9:29
35		45458	There should be a traffic light and the speed should be reduced. Until that happens, there should be a barracade that doesn't allow left hand turns in or out of that parking area.	8/15/2006 9:33
36		45377	Please put a traffic light at this intersection.	8/15/2006 9:37
37		45066	The traffic light is needed...!!!!	8/15/2006 9:41

38		45415	Please install this light as soon as possible. This was a horrible accident and possibly could have been prevented by a traffic signal.	8/15/2006 9:42
39		45459	Please do the necessary to avoid another incident from happening again.	8/15/2006 9:42
40		45458	Please do something to make our families safer!	8/15/2006 9:42
41		45414	Please consider this request seriously. I went to this little girl's funeral, and it was just heart breaking to see her young life cut short and the impact to her parents and community.	8/15/2006 9:44
42		45409	Please consider this .. very dangerous spot.	8/15/2006 9:45
43		45449	It seems to make sense especially since this is a rec center where kids could be walking, biking, etc...	8/15/2006 9:58
44		45050	I admire your courage to move through your pain to have a positive effect in the community. I'll pray that ODOT recognizes the need for a light.	8/15/2006 10:03
45		45066	A light or rerouting is needed to ensure safety.	8/15/2006 10:04
46		45005	Please make it safer	8/15/2006 10:04
47		45005	Please do something to provide a safer environment for this area to help prevent accidents.	8/15/2006 10:05
48		45005	725 has a very high volume of traffic. There is a need to have a traffic signal in front of a location that attracts so many children. In the years since the last petition was submitted, numerous stores, restaurants and businesses have been added in that stretch. Please do not allow another tragedy to occur due to the lack of a signal. Please protect our children.	8/15/2006 10:07
49		45458	Put up a traffic light!	8/15/2006 10:08
50		45342	Please install a traffic light to protect our families.	8/15/2006 10:10
51		45459	My heart grieves for the loss this family has suffered. And while I understand that it is not feasible to have a light at every intersection, this is certainly an intersection that should have one installed for the safety and protection of the numerous children (and adults) trying to cross 4 lanes of traffic to get to the Rec Center.	8/15/2006 10:10

52		45459	My daughters have participated in many classes at the Washington Township Recreation Center (WTRC) and so I have driven them there many times. It is extremely difficult to exit the Center there as the traffic is so fast across 4 lanes. Please change the situation there and prevent any further tragedies.	8/15/2006 10:11
53		45370	I have driven this section of 725 many times, and believe that a traffic light will prevent further injury and death at the intersection of 725 and Garnet.	8/15/2006 10:11
54		45066	This is a very dangerous area due to the number of businesses as well as the Rec Center. Please do what is necessary to make this area safe.	8/15/2006 10:11
55		45429	Please consider this petition as it could save many lives and keep many accidents from occurring. This piece of St. Rt. 725 is very busy. No more lives should be lost.	8/15/2006 10:13
56		45064	I work in the Washington Twp. area and agree that a traffic signal is needed to make driving safer for anyone going through the area mentioned. The speed limit should be reduced to protect people's lives. This is a very busy area with drivers and passengers heading to work, school, shopping, etc. Three years ago my husband was critically injured in a serious car accident involving a speeding vehicle, and he remains partially paralyzed today; fast traffic speed, and people rushing to get where ever they are going is a dangerous combination. It is so sad that this beloved child Yukta, is no longer with her family due to a tragic accident, that she lives on only in the hearts of her family and friends. ODOT, please do everything possible to prevent future injuries and loss of more lives. Thank you	8/15/2006 10:13
57		45458	We need to protect the children frequenting the WTRC. A trafic light or other solution must be implemented.	8/15/2006 10:13
58		45414	I am in support of the traffic rule changes near the entrance to WTRC. I hope this change will save lives.	8/15/2006 10:16
59		45370	As a parent and group leader, I have often brought children to the WTRC. Improvement in the safety of access to and from this facility from 725 must be considered.	8/15/2006 10:17

60		45356	The traffic light is needed...!!!!	8/15/2006 10:20
61		45458	Please put up a traffic light and reduce the speed limit in proximity to the Rec. Center.	8/15/2006 10:21
62		45440	I go home that way every night and people fly through that stretch of road - a traffic light might slow their momentum.	8/15/2006 10:22
63		45459	We use the Washington Township Rec. Center frequently. The entrance off of 725 is very congested and needs a light to safely regulate traffic and pedestrians in that area.	8/15/2006 10:27
64		45342	This must be taken care of before we loose another precious life.	8/15/2006 10:28
65		45420	Thank you for your consideration of this request.	8/15/2006 10:30
66		45385	We need to protect our children, install a traffic light!	8/15/2006 10:30
67		45371	One death is way too many; it could be your child next. A traffic light is needed!!	8/15/2006 10:31
68		45305	Please do something before another tragedy occurs.	8/15/2006 10:32
69		45342	My wife and i drive through that area everyday and i know there are several drivers that zip through that road. I also think a traffic light at that intersection is much needed. Given the traffic speed it is impossible to cross the 4 lanes not only at peak hour but also at any other time in the day. I support both the requests.	8/15/2006 10:33
70		45442	The safety issues at this location are too great to ignore.	8/15/2006 10:34
71		45342	The traffic light is extremely important at all junctions. It will be worth if we can prevent one more if this incident.	8/15/2006 10:39
72		45342	Our family has avoided this intersection for at least 8 years now. My children attend a day care center off of Garnet and I purposefully go behind the businesses to pick up the light at McEwen Road. This seems like such a congested area with lots of points of interest and activities where people are rushing to and from. With the WTRC growing, a traffic light is a great addition.	8/15/2006 10:42

74		45458	I support the proposed changes to increase the safety of motor vehicle travel in the area around the Washington Township Recreation Center. I travel this road everyday and often encounter dangerous situations involving cars trying to cross Route 725 at this intersection. If making such changes is deemed too inconvenient for and detrimental to the flow of traffic in this area, then I would submit - as an alternative plan -- a proposal that the median strip along 725 be extended so as to completely prevent traffic from crossing 725 at Garner. While past inaction on proposals to address the dangers posed by this intersection may have been excusable or justified, inaction now, in light of the recent tragedy that claimed the life of [REDACTED] [REDACTED] would be criminal. I sincerely hope that the Ohio Department of Transportation will not merely consider these changes; I fully expect that ODOT will implement some concrete actions to resolve the concerns of the citizens who drive through this area on a regular basis.	8/15/2006 10:45
75		45419	Please act quickly.	8/15/2006 11:00
76		45449	This is a tragedy. Please avert any more such horrible sadness and grant this request.	8/15/2006 11:00
77		45459	I agree that something needs to be done. Because I drive past there all the time and have seen a lot of close calls.	8/15/2006 11:00
78		45177	Plese add a stop light there.	8/15/2006 11:00
79		45342	Please consider these changes to improve safety of the children at the Washington Township Rec. Center.	8/15/2006 11:01
80		45459	There are way to many children that have grow to be part of the Washington Rec. and all of these life are at risk. We must be proative and not let another one of our precious children be a victim like Yukta was.	8/15/2006 11:05
81		45449	I never want another parent to go through the pain of losing a child.	8/15/2006 11:05
82		45419	There is no defenisbile reason not to put a light at that intersection.	8/15/2006 11:05
83		45403	Please add this. Thanks.	8/15/2006 11:07

86		45371	they should definitely provide a traffic light on such a busy intersection	8/15/2006 11:11
87		45459	This is long overdue.	8/15/2006 11:13
88		45424	Please listen to this family's pleas.	8/15/2006 11:17
89		45036	Please consider this. I would hate for another parent to have to go thru such pain.	8/15/2006 11:30

91		45417	Let's help save the lives of others and install the needed traffic light. Thanks	8/15/2006 11:34
92		45458	I live in centerville and I go to recreation center atleast twice a week with my kids. It is always harder to take left turn from the recreation center due to heavy traffic. It would be helpful to have signal light at that intersection.	8/15/2006 11:35
93		45458	We can not let anybody lose his/her child, when our action can prevent it.	8/15/2006 11:36

95		45416	With the removal of traffic lights all over the west end of Dayton there is no reason we have to loose a child in order for someone to see a need. I further submit that the small stretch of street where Yukta Garg was killed be renamed in her honor as a reminder to other parents of the sacrifice of this young child in order to bring attention to a dangerous intersection.	8/15/2006 11:42
96		45315	Please install a new traffic light.	8/15/2006 11:45

102		45449	My children attended WTRC for years, and I know how hard it is to get out of there with all of the traffic, please for the children, do something about this!	8/15/2006 11:53
103		45458	I use the WTRC regularly and the traffic on 725 is very heavy and difficult to negotiate, even on the weekends. A traffic light on 725 in front of the WTRC is the right thing to do. Please, prevent further tragedy!	8/15/2006 11:54
104		45449	In support of the traffic rule change, the area has seen increased traffic levels and accidents. One week after the death of the little girl there was another accident in the area.	8/15/2006 11:56

108		45459	I live in Wash Township, need a traffic light	8/15/2006 12:05
109		43055	I support the traffic rule changes near the entrance to WTRC petition to ODOT.	8/15/2006 12:06
110		45068	A Rec Center by its very nature draws children to enjoy and learn. Children, our most precious of gifts. No traffic pattern, or administrative discussion should bear the price of a child's life but in this case, the lack of action has cost one family dearly. As this area increases in volume which it has dramatically over the 15 years I have lived here it will surely cost more unless action is taken. Do not discuss. Do not debate. Simply Do. Put up a signal at this intersection or reduce the speed limit in this area.	8/15/2006 12:06
111		45040	Please install traffic light on this intersection.	8/15/2006 12:07

121		45459	I feel that the boulevard separating East & West traffic between Garnett Road and the Washington Township Recreation Center should be one solid strip making it impossible to cross four lanes of traffic off Garnett Road or coming out of the Washington Township Recreation Center.	8/15/2006 12:17
122		45342	I hereby support this petition.	8/15/2006 12:18

129		45342	In support of a traffic light in front of the Washington Township rec center in hopes that it may save the life of a child when the lack of one did not save little Yukta Garg.	8/15/2006 12:23
130		45459	I have always felt the need for a light to enter or leave the rec center. The only way I feel near safe is travel to McKewen Rd, turn left and then left again at a traffic light. PLEASE consider a light nearer the entrance to the rec center. I have grandchildren who use it and I don't want the same thing to happen to one of them.	8/15/2006 12:24
131		45342	Having a traffic light and reduced speed limit would greatly help everyone in providing safe travel around this area. Currently, this junction is very dangerous and traffic is way too much to not have the traffic light. It mus be implemented to save lives.	8/15/2006 12:25
132		45036	Pulling out of the rec center has always been dangerous. This facility holds events for children!!! Why not make exiting this facility safer, so no more children are injured or killed!	8/15/2006 12:26

133		45458	I completely support the addition of a traffic light at 725 and Garnet. Since the Rec Center opened, I've watched children on bicycles or on foot cross 4 lanes of traffic and shuddered when I thought of what could happen. Now a tragic accident has occurred, and a family has lost a child. It is way past time to make this intersection safer.	8/15/2006 12:27
134		45342	I support the petition.	8/15/2006 12:29
135		45342	Please provide either a Traffic light or "Do not Enter" sign board so that people wouldn't cross from Gardner to WTRC. Had there been one like this, our friends' little angel would have been alive today. Thanks Kumar	8/15/2006 12:32
136		45449	I support a traffic light being installed on ST Rt 725 at the Washington Township Rec Center.	8/15/2006 12:35
137		45066	Please install a traffic light at the common stopping point between 725 and entrance to the Washington Township Recreation Center and/or make appropriate changes to the traffic rules for a safe traffic at the intersection of Garnet Drive and 725. By being proactive, we can save lives.	8/15/2006 12:39
138		45417	I will keep the family in prayer. This change needs to happen as it is unnecessary for something like this to happen to another family. Imagine if you were working and received the same call concerning the same intersection, how would you feel? Let's not wait to find out.....	8/15/2006 12:39
139		45036	Although I live outside of this area I frequently travel through this intersection and wholeheartedly support changing the traffic rules here to protect lives.	8/15/2006 12:40
140		45069	I have read the in support of traffic rule changes near the entrance to WTRC Petition to ODOT, and would like to sign it.	8/15/2006 12:41

148		45066	This area needed a traffic light ten years ago. My son was enrolled at CCDC on Garnet Street and trying to turn left onto 725 brought fear into my heart every day. With the continued growth of the area this situation should have been adressed years ago which would have avoided the tragic, senseless death of Yukta.	8/15/2006 12:50
149		45458	I am a mom of 2 young kids that go to WTRC on regular basis. I live close to down town centerville and I always have to take a left from WTRC onto SR725 during peak hours. It will be so helpful if there is a traffic light there. Thanks for considering.	8/15/2006 12:50

220		45458	I fully support it.	8/15/2006 14:05
221		45066	I am not aware of the prerequisites to install a signal light. But if we can save lives by doing so, especially at an intersection where our budding citizens assemble to nurture different skills, we must do it. Speed limits are less than 20 miles per hour within the vicinity of schools, and recreation centre is "the" School in summer. I request we take note of this situation and change the speed limits around the recreation centre, in addition to installing a traffic light at this intersection.	8/15/2006 14:08
222		45066	This initiative is for the safety of children - it should be acted upon ASAP	8/15/2006 14:08

237		45068	Please do whatever is necessary to install a traffic signal or reduce the speed limit at this intersection. A child's life has been lost and something needs to change to prevent that from happening again. The Centerville/Washington Township areas have grown so much that there are many places that I avoid entirely, simply because I do not feel safe in the traffic. But this is a place we want to see our children go, this is an area that should not be avoided. Please make whatever changes are necessary to ensure their safety. Thank you.	8/15/2006 14:21
238		45327	I don't live in this particular area but a light surely wouldn't hurt. The cost is nothing compared to the cost of a life.	8/15/2006 14:24
239		45066	My heart goes out to your family. I would be lost if anything happened to my little boy.	8/15/2006 14:24
240		45458	It is important to install the traffic light to ensure safety. With the increasing growth in the area, the congestion in this area is terrible. Anything that can be done to regulate the traffic flow would be good for the neighborhood.	8/15/2006 14:25

298		45066	Yes, I support the petition and urge that it be considered.	8/15/2006 16:34
299		45458	It is next to impossible to cross 725 during peak traffic hours without a traffic light. I believe the posted speed limit in that area is 45 MPH. A traffic light/speed limit change/enforcement is needed.	8/15/2006 16:37
300		45459	It is a heart-breaking story. If anything can be done to prevent the tragic story from happening, I am in support that. I am in support of traffic rule changes near the entrance to WTRC perition to ODOT. Peace be with the family, though nothing can give their lovely daughter back.	8/15/2006 16:38
301		43214	My sister and her two kids enjoy the WTRC regularly and I want to know that they will be safe in come in and out of the center. A traffic light on that junction will be of values.	8/15/2006 16:44
302		45414	Anything to save a childs life or any life.	8/15/2006 16:49
303		45342	To prevent future tragedies, please install a light for the intersection of 725 at the entrance to the Washington Township Recreation Center and lower the speed limit. This should be erected as a dedication to Yukta Garg. Thank you for your consideration, [REDACTED]	8/15/2006 16:51
304		45458	I strongly support the petition a traffic light is a must at this location.	8/15/2006 16:53
305		45344	I agree and urge you to take note to this request.	8/15/2006 16:55
306		45066	We support. ODOT, please act fast and help avoid any further fatalities.	8/15/2006 16:57
307		45458	I am a life long resident of Centerville and am long aware of a need for a traffic light at this intersection. I drove a school bus for Centerville Schools for 11yrs as well and know firsthand how horrible this intersection can be. Thank you for your attention to this matter.	8/15/2006 16:58

308		45458	I was in an accident with my son few years ago. Fortunately, we both survived a terrible clash. My son was 14years old, the good thing that came out of that accident was the implementation of Traffic light at the junction on 48 and ■■■ road. I wished it were there before. I am really touched with the loss of young soul. There are no words to express how I feel. I strongly feel that this is the least we can do. Sorry for the loss.	8/15/2006 16:59
309		45429	Yes, there needs to be a traffic light at this intersection NOW!!!!	8/15/2006 17:00

311		45435	A stitch in time saves nine.	8/15/2006 17:41
312		45415	I agree with this petition, I understand that there have been other traffic issues at this intersection over the years and I really think a traffic light will help prevent unnecessary injuries or deaths.	8/15/2006 17:44
313		45342	I support this pleas for the installation of the traffic light in Wasington Township. Please save us all from another tragedy by installing this light.	8/15/2006 17:49
314		45431	Let this loss of life be the last one at that junction. Please install a traffic light (can be one of demand - that is only if a car stops at the junction, let the green come). We wish this could have been done before and we could have saved Yukta. We know ■■■ always spread sunshine and let this be one more of her purpose of life. ■■■ ■■■	8/15/2006 18:00
315		45342	I lived on 725 for many years. I remember when the Dayton Mall was built and the drive from 725 & 48 seemed like it took FOREVER with nothing but fields to look at. Now, the drive has plenty to keep your interest. Mostly, trying to avoid an accident from all the traffic and speed!! A light is needed to regulate the traffic in that area. Incidentally, there are also two daycare centers, along with the WTRC at that intersection. Please change this before someone else pays the same unacceptable high price as this family has in the loss of their precious little girl.	8/15/2006 19:01

316		45458	Please install a traffic light as soon as possible. Also, reduce the speed limit in that stretch. Thanks	8/15/2006 19:06
317		45342	Please place a traffic light at this sight.	8/15/2006 19:22
318		45458	This is criminal that this has not been instahled earlier. We must prevent another tradegy.	8/15/2006 19:27
319		45066	My daughter and grandchildren, plus other friends and their children frequent the Washington Township Rec Center and travel in this area, as well as I do. Please, we must reduce the speed and install a traffic light to hopefully prevent another tragedy. Respectfully [REDACTED]	8/15/2006 19:34
320		45342	That crossing along with many others in the Washington Township/Miami Township/Centerville/Miamisburg area should be relooked at for Speed Limits and Traffic Lights. With the number of residents increasing over the last few years and the Mall Expansion ODOT should conduct periodic surveys and re-evaluation of traffic lights and speed limits.	8/15/2006 19:39

325		45069	I previously lived in Centerville for several years near the Recreation Center and frequented the facility. The traffic in the area can be heavy which makes entering and exiting the center challenging and during rush hours dangerous. I support the Garg's petition and pray another life doesn't have to be hurt or lost to get changes.	8/15/2006 20:27
326		45459	This is such a busy area and the Recreation center is used by so many families, I believe a reduction in speed should be made and a possibility of a traffic light investigated.	8/15/2006 20:28

328		45409	If a traffic light prevents one other loss or accident, it is well worth it. 725 is a busy road, and this access to a place where children and families frequent should be easily accessible and also safe.	8/15/2006 21:14

353		45373	It is time police and politicians use common sense as to where a traffic light is needed. I am tired of hearing ,we can't put light everywhere and I ask why not-if it slows traffic down. Maybe people could learn to just slow down in all aspects of our lives not just when we are in a cars. My love and support to Yukta family	8/16/2006 6:18

382		45066	There is little the common man can do to control the actions of fanatical people which has caused us to live our lives in fear of unexpected mayhem and death. But to lose a life due to a situation that could have been prevented by conscious changes to traffic rules is unforgivable. Please make the necessary changes to prevent another loss of an innocent life.	8/16/2006 7:24
383		45409	Safety comes first even if it means slowing down traffic.	8/16/2006 7:25
384		45309	This location should more or less be viewed as a school zone with all of the kids that are going in and out of the rec center. The best solution would be to add a traffic light at this location so that the kids can get in and out safely. This kind of tragedy will happen again if no action is taken.	8/16/2006 7:28

398		45458	Please put a traffic light in front of the WTRC. There has always been concern there especially during events that are held at the rec center, i.e. middle school dances, camp registrations. This accident could of been prevented!	8/16/2006 7:51
399		45416	Anytime there's an area where children are it should always be a lower speed limit because children do sometimes wonder away and this tragedy is a prime example that the speed limit should be lowered it shouldn't have to keep happening for something to be done. May God be with the Garg Family.	8/16/2006 7:52

406		45458	This is an incredibly dangerous road area. There certainly should be a stoplight at Garnet at 725. My office is located on Garnet and it is nearly impossible and very treacherous turning left onto 725.	8/16/2006 8:00

436		45440	Every time my family drives to the Washington Township Recreation Center I note how challenging it can be to cross traffic when coming from the west on the 725. This is a major intersection because of the Rec Center. It is of major importance because of the preponderance of children in vehicles and at the center. At the very least, the end of Garnet should be closed off until a better permanent solution is implemented.	8/16/2006 8:31
437		45430	A traffic light was placed at the main entrance road of Kettering Rec due to heavy development in the area. Should not the same be done here as the area has developed heavily over the past several years?	8/16/2006 8:32

439		45458	I am so sorry for Yukta. My wife was a day care teacher for her sister and recalls they are both beautiful and wonderful children. No parent should have to go through this. You have my heartfelt sympathy. Love, hope, and prayers to your family. Its shameful that ODOT doesn't want to put a light in at this intersection because they don't want every intersection to have a light. Drive down 725 between the centerville city line and the Dayton mall. Every other street DOES have a light. I am angered and sad that this happened. Some bureaucrat is sitting on his hands ignoring what citizens want.	8/16/2006 8:33
440		45039	I am completely saddened by the loss this family has endured, and I would be greatly relieved to know that this petition serves successful in minimizing any possible loss, threat, or danger to another person and family.	8/16/2006 8:33
441		45066	Traffic light	8/16/2006 8:35
442		45322	Please make the necessary changes soon to prevent another tragedy from happening.	8/16/2006 8:37
443		45459	In an effort to save others from this type of tragedy, we ask that you reduce the speed in this location as well as put in place a traffic light.	8/16/2006 8:40
444		45458	I support the traffic rule change	8/16/2006 8:40
445		45440	I support this petition.	8/16/2006 8:41
446		45458	Safety should be the number one priority at this dangerous intersection.	8/16/2006 8:41
447		45066	From someone who has attended the WTRC on many occasions and has children of her own I completely support this petition.	8/16/2006 8:44
448		45458	Every time I've crossed that intersection (Turning from Garnet to SR 725 westbound), I've been scared; more so after this accident. I support decreasing the speed limit or at the very least, strict enforcement of 45mph.	8/16/2006 8:45
449		45458	a concrete barrier would also help this dangerous area.	8/16/2006 8:47
450		45434	Its a great loss,and something must be done to have a traffic light on the intersection.	8/16/2006 8:47

451		45458	We have three grandchildren that visit WTRC with their mother on a regular basis ---PLEASE, PLEASE listen to the pleas of concerned citizens coming through this petition and provide the necessary safety precautions recommended.	8/16/2006 8:49
452		45419	I work in this area and have always been surprised at the high speed limits permitted on both SR 725 and SR 741. This area has a high concentration of housing developments, apartments, condos, as well as the Dayton Mall and shopping strips. It is imperative to slow the speed limit, put in a traffic signal at the Recreation Center, and put in turn barriers. I would also like to recommend that the street at the Washington Township Recreation Center be renamed Yukta in memory of the precious little girl that was killed there. 453		45417	This was one of the saddest stories that I've ever read and hurtful to know that a traffic light could have prevented this tragedy. What a horrific loss...my heart goes out to the family and friends that had an opportunity to know and love this beautiful, beautiful little girl.	8/16/2006 8:51
454		45430	Safe entry in the main road like Rt 725 is essential. Please design a solution to this preventable tragic situation.	8/16/2006 8:52
455		45066	I am in total support of traffic rule changes neat the entrance to the WTRC...the traffic has grown such more in the past years. Please prevent another trajic accident from happening.	8/16/2006 8:52
456		45342	I too lost my 15 year old daughter killed by a car when she was walking on a side of the road to catch her school bus. I was able to get the township were we use to live to post 4 ways stop signs. I truly share your griefs. [REDACTED] [REDACTED]	8/16/2006 8:54

461		45458	Install a light in this area so no other families will need to experience such unneccesary suffering.	8/16/2006 9:02
462		45458	i SUPPORT THE TRAFFIC RULE CHANGES.	8/16/2006 9:04
463		47201	Lets avoid accidents like these as it just doesnt cause one death..., the whole family's life changes for ever.	8/16/2006 9:09
464		45420	I fully support this petition.	8/16/2006 9:09
465		45458	Please implement the suggestions to the traffic signal at this critical junction. It will save hundreds of innocent lives and bring a ray of hope and comfort to the minds of the parents to make the innocent children through this spot whic otherwise is inevitable.	8/16/2006 9:10
466		45458	It is utmost necessary to have a traffic light as many kids are attending regularly to Washington Township Recreation Center.	8/16/2006 9:11
467		45066	Please do this at the earliest. A traffic light at this intersection will make this a safer place to commute and save many precious lives.	8/16/2006 9:13
468		45418	My prayers are with you and yours. It is a great thing you are doing!	8/16/2006 9:14
469		45342	I'm sorry for the loss and hope that this will help prevent future accidents.	8/16/2006 9:14

475		45458	We have thought for years that this intersection is extremely dangerous. We established a rule in our family to only turn left out of the Rec Center because one cannot judge the traffic speeds of on coming cars to cross traffic. New traffic rules are desperately needed. Please help.	8/16/2006 9:18

482		45042	Let's not experience another loss as tragic as this one. Please add a traffic light to ensure the safety of people's lives. No one should have to lose a life, if preventive measures can be intact. My condolences to the family a lost that could have been prevented.	8/16/2006 9:28
483		45432	I definitely think this area is deserving of a traffic rule change. It's a very busy area and needs something so folks can cross safely. Please consider this and act accordingly and quickly.	8/16/2006 9:30

489		45458	SR 725 is a highly travelled street. Washington Township Rec Center is very popular with all ages. Entering and leaving can be extremely dangerous for all individuals. How many more deaths will it take to install a traffic light?	8/16/2006 9:38

516		45371	Put a light at this intersection, and reduce the speed. You already have a history at this intersection...and now a 4 year old child has lost her life. 520		45342	The speed limit should be lowered. That area is too heavily populated for the speed limit posted. I travel that street a lot and although a lower speed limit would increase the commute time, it is the right thing to do. I favor a reduced speed limit over another traffic light.	8/16/2006 10:37
521		45458	My son attended day camp there many years ago. It is hard to believe that every precaution is not taken to assure the safety of children.	8/16/2006 10:47
522		45342	We definitely need a traffic light at that intersection.	8/16/2006 11:00
523		45424	Having driven through and around the area of the Recreation Center, I have witnessed firsthand how extremely dangerous this area is. Please do something about this before another Parent loses another Child..next time it may be a Child you know.	8/16/2006 11:01

531		45068	I was the first outside person to arrive on the scene of the accident, as I had been standing on the steps of the Rec. Center. I watched this precious little girl's life ebb away knowing there was nothing I could do. I pray with a traffic light at this location to never have another person experience what the family, friends and respondants did that day concerning that particular location.	8/16/2006 11:31

535		45458	I have experienced frustration and panic trying to take a left turn onto 725 from the Rec Center. It is an area used by many families and is ridiculously dangerous. Please put in a traffic light.	8/16/2006 11:39
536		45323	I work in this area and feel that traffic everywhere around here is dangerous.	8/16/2006 11:39

537		45342	to install a traffic light at the common stopping point between 725 and entrance to the Washington Township Recreation Center and/or make appropriate changes to the traffic rules for a safe traffic at the intersection of Garnet Drive and 725. - to reduce the speed limit of the traffic on 725 (and near WTRC) to 35 miles per hour or lower. This intersection is used by several people and their families (most of them involving kids) to get entry into Washington Township Recreation Center. With the growth in surrounding areas, it is important to take the safety of all people into consideration. Making appropriate changes to the traffic rules at this intersection would greatly improve the welfare of the entire county as this is a heavily traveled area. sorry to hear loss of your love one. 538		45458	I was devastated the day I heard of this horrible accident. We are there all of the time and I just can't imagine having this happen to one of my children (9 and 4 years old). We must do something to ensure that this NEVER happens again!	8/16/2006 11:44

556		45419	Words cannot describe my sorrow for your great loss. We too have a daughter more precious to us than any our own lives. I want to also express our shared concerns for the location of the very much needed traffic light. Where ever children and families gather; there is great need for safe entrances and exits to these areas. It should be a crime to refuse to deny a proper traffic signal and to not recognize the importance of increased traffic requiring a lower speed limit. Recreation Centers are not unlike schools. We need to protect our precious children attending them. I moved here from Calif. over 10 years ago. I soon realized the lack of proper traffic signals in the City of Dayton is appalling! After 12 years, I have not seen much improvement. Proper traffic signals are not a luxury. They should be considered over nice landscaping, and new businesses. Clearly money is considered more important than safety in this City.	8/16/2006 12:49
557		45458	The need for change is long over-due. When my children were small, and we frequented the Rec Center, I would never attempt to leave the facility via the 725 entrance/exit to drive eastbound. Instead, we would exit via the driveway to the west and double back onto 725 eastbound. The speed limit on 725 is too high, and, many of our citizens invariably drive over the speed limit. Time for change, all the way around.	8/16/2006 12:54
558		45322	Dangerous & irresponsible intersection which can be fixed.	8/16/2006 12:58
559		45458	i would like this intersection to be re-evaluated for safer roads.	8/16/2006 13:04

565		45458	This is a high traffic area in need of attention. Washington Township and the City of Centerville are slow to react to addressing stop light needs all throughout their jurisdiction until someone is killed or seriously injured for life. This and other high traffic corners are in their jurisdiction need attention badly.	8/16/2006 13:15
566		45066	This is a dangerous intersection.	8/16/2006 13:16
567		45342	We appreciate your attention to this petition	8/16/2006 13:17
568		45459	I agree. Due to the amount of adults and children alike at that location, something should be done to ensure safety! I feel greatly for your pain and I am SO sorry for your loss....	8/16/2006 13:17
569		45432	I think it is obvious that a traffic light is needed on 725.	8/16/2006 13:18
570		45429	Please help us keep our children safe.	8/16/2006 13:19
571		45429	Anything to make this area safer for kids going to and from this location would be greatly appeceated.	8/16/2006 13:21
572		45458	I am a member of the WTRC and am a family man. My mother was there when the accident happened as well as my fiance on the way to pick up the kids. I cannot even begin to comprehend the EXTREME emotional distraught they must be going through even as we speak. It upsets me just seeing the tribute/memorial to her life there at the entrance to the Rec. There is NO excuse for accidents like this when it would be so easy to resolve the issue by installing a simple light. I would even venture to guess that the community would pay for it if you asked for donations to get this done. I bet it would be fully funded in a day. PLEASE hear these pleas for a solution and take action to help prevent this from happening in the future!!	8/16/2006 13:22

574		45424	I support the petition to bring the following changes to- to install a traffic light at the common stopping point between 725 and entrance to the Washington Township Recreation Center and/or make appropriate changes to the traffic rules for a safe traffic at the intersection of Garnet Drive and 725 and to reduce the speed limit of the traffic on 725 (and near WTRC) to 35 miles per hour or lower.	8/16/2006 13:23
575		45342	Having a little boy I always worry about the increasing traffic in and the Washington Township, Miami Township and Sprinboro areas. I am always extremely cautious as I dread a similar situation. Growth at a rate that we are experiencing requires change more than once every 23 years.	8/16/2006 13:23
576		45342	Please don't allow another tragedy to happen due to the lack of traffic control in this area.	8/16/2006 13:24
577		45342	Please study the situation carefully and promote some changes! I have witnessed several close-calls over the years at the entrance to the Rec Center. Thank you.	8/16/2006 13:24
578		45145	Please do not let another die just to save money.	8/16/2006 13:24
579		45066	Please add the light and reduce the speed limit.	8/16/2006 13:26
580		45383	Anytime a child is lost to us due to an accident something needs to be done if possible. Changing traffic rules at the entrance to WTRC is a small price to pay to prevent something like that happening again.	8/16/2006 13:27

584		45458	We are a family of 5, that visits the Rec, center on a regular basis. As we live off of Springvalley, we have tried to go out the exit in question of pet. We have gone that way 2 times & ended up moving to the right side & just turning right, as it is nearly impossible to safely turn out of there. There are so many families & children that attend the Rec. center. Please allow safety to these families.	8/16/2006 13:29
585		45458	I agree with the suggested changes. I would also propose that the traffic rules be changed so that no left turn is permitted off of Garnet Drive onto 725. If Garnet Dr is within 1000 yards of McEwen Rd, a traffic light is not a feasible option.	8/16/2006 13:29
586		45429	Please examine safety issues related to this incident. Thanks.	8/16/2006 13:29
587		45459	My son also attends the after-school program at WTRC. It is a BRUTAL intersection and that entrance/exit needs to be removed. That is a TERRIBLE intersection...	8/16/2006 13:30
588		45458	My family and I are regular users of WTRC. A traffic light has been needed there for years.	8/16/2006 13:30
589		45066	Please install a light to avoid other injuries at this intersection.	8/16/2006 13:30
590		45459	In addition to the Stop Light at WTRC the reduction of speed to 35MPH for SR725 between the I75 overpass and Centerville would greatly deduce the severity and number of accidents in this area!!	8/16/2006 13:31
591		45459	We attend the WTRC on a regular basis.	8/16/2006 13:31
592		45036	Please rectify this dangerous intersection. I have seen dozens of accidents at this very same spot. It is long over due. Thank You.	8/16/2006 13:32
593		45458	Please fix this trafic light problems. I am a member of the WTRC and when I am leaving the WTRC area I complain about the exact problem. I have kids too and I always worry for their safety. Thanks, [REDACTED]	8/16/2006 13:35

600		45459	I have been to WTRC many many times and the entrance and exit from the center to 725 are very very dangerous. So many parents with children cross this dangerous intersection each day. I can't believe nothing has been done voer the last somany years??Suggest putting a red light and also reduce the speed limit to 25 near the WTRC or install speed bumps, speed reducers, etc. to avoid future fatal accidents.	8/16/2006 13:43
601		45344	I support this patition. We all need to slow down and take our time and enjoy our loved ones while we have them	8/16/2006 13:44
602		45066	Please	8/16/2006 13:46
603		45342	The traffic rules in this area were designed when there were farms fields surrounding the road. It's time to change them to reflect the current situation.	8/16/2006 13:47
604		45459	Anything we can do to protect our children. And, certainly, a traffic light would help those trying to get on and off 725 at the WTRC would help save more lives.	8/16/2006 13:47
605		45068	I previously lived in Washington Township and currently drive through this particular area very frequesntly and agree that this is an extremely dangerous spot to have a center for children and adults.	8/16/2006 13:49
606		45066	This is long overdue!!	8/16/2006 13:50
607		45066	I think it is absolutely imperative to have a signal at that intersection. There are too many families and people that pass by and go to the recreation centre everyday, we dont need another tragedy.	8/16/2006 13:50

615		45066	i absolutely support changes to this entrance and a reduction in the speed limit. The WTRC is a family place and many of our children attend functions there. Anywhere a child is involved needs extra protection - similar to the way we protect kids going to school. My thoughts and prayers are with you.	8/16/2006 13:58
616		45459	please install a stop light and reduce the speed limit	8/16/2006 14:00

622		45385	I currently live in the Beavercreek area but used to live in Washington Township and agree the following intersection should have a traffic light. Especially since there are many families visiting this location on a daily basis. Also, there could be situations where children are trying to cross the road if they walk to the WTRC.	8/16/2006 14:10
623		45449	This should be a no brainer for ODOT why does it take the loss of life for someone to do something about such a simple task but yet we spend thousands of dollars on constuction site that dont amount to anything!!!!	8/16/2006 14:10
624		45066	please put in a stop light to stop this tragedy from happening to others	8/16/2006 14:11

627		45459	This is a very dangerous intersection and I am dumfounded at the lack of a traffic light. It needs to be installed before another family has to endure the loss like the Garg's were forced to endure.	8/16/2006 14:14
628		45066	I approve the traffic light at Rt. 725 by the Washington Rec center.	8/16/2006 14:15

631		45459	I agree that speed is a problem on RTE 725 and we need to slow people down with traffic lights. The Washington Township area in general is showing rapid growth which results in more traffic. We need to slow people down in order to protect innocent lives.	8/16/2006 14:18

635		45459	I recommend that the speed limit on SR 725 between the Dayton Mall and Centerville be reduced to 35 mph, because the population density and associated traffic in this area has increased significantly over the past 25 years. I further recommend that a "traffic actuated" traffic light be installed at the Washington Township Recreation Center (WTRC) entrance off of SR 725 to facilitate the safe entrance to, and exit from the WTRC.	8/16/2006 14:27
636		45409	I agree	8/16/2006 14:28
637		45066	I am totally in support of the traffic rule changes proposed near the entrance of WTRC on SR725. [REDACTED]	8/16/2006 14:29

649		45458	A traffic light at the Washington Township Rec Center would be a wise decision. Turning left out of the Rec Center or left from Garnet Road can be very difficult in heavy traffic.	8/16/2006 14:54
650		45342	I agree. A light needs to be put here. It is a VERY busy road and intersection that it could prevent tragic accidents like this from happening in the future.	8/16/2006 14:54
651		45458	I am so sorry for horrendous pain you and your family had to experience not to long ago. As parents, call it our duty and responsibility to go before our children and never before. I constantly travel on 725 (between WTRC and Yankee Road) on a daily basis. The amount of traffic that's generated between 3:00 and 5:00 p.m. is ludicrous and out of control. Every year, more families relocate to Centerville because of our outstanding and nationally recognized school system. Apart from the schools, our community has a decent safety record too. However, with more citizens, proper safety measures and equipment must be implemented. It is the responsibility of the elected Centerville officials to keep abreast with our ever so changing "bio-dome." It is imperative, that traffic lights get installed at the location where this innocent little girl took her last breath of air. Could this death been avoided? The answer is always going to be, "yes." Centerville has the budget and is in capacity to install the traffic light(s) where they are needed. Now, Mayor [REDACTED] when are you going to call the contractor and have these lights installed? As a parent, I'll put this question to the Mayor of Centerville and his board!	8/16/2006 14:56

655		45342	I was there the day of the accident picking up my 3 boys who had witnessed the accident. I was there when the parents came and my heart broke for them. Many of our church members where there and tried to help the victims. It was devistating to them especially the one that was in the car helping Yukta. There needs to be a traffic light there. Even if you are traveling on the west side of 725 and need to turn it is still dangerous because people are going so fast. It is heartbreaking to know that this tragdy could have been prevented by either a stop light, or a slower speed limit. Please make it so another family does not have to go through this nightmare again. [REDACTED]	8/16/2006 15:04

710		45458	please change the traffic rules to help make our community a safer place to drive!!! as a staff member at the WTRC I have witnessed many accidents at this intersection, please make changes!! i was one of the first to respond to Yukta's accident. no family, friends, or staff should have to witness such a tragic scene!	8/16/2006 17:21

711		45419	I do believe that there should be a traffic light or the rt. turn only onto st. rt. 725 from Garnet Dr. this is a high speed area that should also be a 35mph limit. Good Luck and may God Bless you!	8/16/2006 17:25
712		45342	Please protect other precious angels	8/16/2006 17:27
713		45342	It needs to be done and it should be done!!!	8/16/2006 17:27
714		45324	Why must it take such a horrible, senseless loss to rectify 'accidents waiting to happen.' I've had a couple of occasions to drive Yukta's accident route; the confusion and speeding in this area still incites panic. Similar, my current trip to work on Trebein into Xenia; how many deaths and wrecks happened before new traffic lights were installed. Proactive. Common Sense. When there's a sense of 'it's just a matter of time' Ohio needs to start saving the next Yukta NOW, by acknowledging death traps and responding immediately - Put up those makeshift 35MPH and Slow and Caution signs while engineers start their Civil Engineering tasks. What a horrible loss of such a lovely little girl; and what poised and selfless parents she was blessed with.	8/16/2006 17:32
715		454440	The mission of this petition is to urge The Ohio Department of Transportation : - to install a traffic light at the common stopping point between 725 and entrance to the Washington Township Recreation Center and/or make appropriate changes to the traffic rules for a safe traffic at the intersection of Garnet Drive and 725. - to reduce the speed limit of the traffic on 725 (and near WTRC) to 35 miles per hour or lower. This intersection is used by several people and their families (most of them involving kids) to get entry into Washington Township Recreation Center. With the growth in surrounding areas, it is important to take the safety of all people into consideration. Making appropriate changes to the traffic rules at this intersection would greatly improve the welfare of the entire county as this is a heavily traveled area. Sincerely, [REDACTED] and [REDACTED]	8/16/2006 17:39

722		45458	There is a definite need for a light at that intersection but something should be done until the light can be installed. The entrance could be diverted or a barracade put in place to prevent left hand turns in and out of the rec center. No parent should have to loose a child like this.	8/16/2006 18:19
723		45342	What a disgrace that this little girl could be alive today if the city would have allowed a light to be put in two years ago.	8/16/2006 18:27
724		45011	God bless!	8/16/2006 18:37
725		45458	I fully support this petition, and feel the light has been needed for a long time.	8/16/2006 18:41

727		45174	As the mother of a six year old, and I 3 year old, I can't imagine the loss that the family has experienced. The fact that it could have been avoided is heartbreaking.	8/16/2006 18:42
728		45459	It's fair to say that hundreds of families utilize the services of the Washington Township Recreation Center. Crossing in and out of traffice in front of the Washington Township Recreation Center is hazardous and concerning. I prefer to have a traffic signal at this location. I'm concerned that even a reduced speed limit will not alter the speed of traffic on Rte 725. Sincerely, Washington Township	8/16/2006 18:47
729		45459	Please put a traffic light at this dangerous location.	8/16/2006 18:50

731		45342	This horrible accident should never have happened. Anyone familiar with the area around Rt. 725 and the Washington Township Rec center knew of the dangers of negotiating that intersection. ODOT was aware of this and chose to ignore it. What is even more tragic is the fact that this horrible accident may finally cause something to be done. My condolences to Hemant, Arti and Ishita for their terrible loss.	8/16/2006 18:58
732		45459	Please do whatever is needed to make it safer to use the entrance to the WTRC from 725. I was there the night of the accident for my son's T-Ball practice all we could say was it could have been any of us. We try not to use this entrance due to the speed of the traffic and the heavy traffic. Especially in the hours of 4-7pm. Many kids are leaving the Rec Summer Program, coming/going to practice and games on weekends, when more than 1 event is going on the same day it's impossible to enter safely from 725. This is a place for KIDS, please help them to be safe. No parent should have to suffer this tradgey, as well as all involved it's a life altering experience. Thank you.	8/16/2006 19:04
733		45458	We're here for you Ishita and your family.	8/16/2006 19:05

735		45458	I support the proposed changes outlined in this petition.	8/16/2006 19:18
736		45068	my whole family will keep you in our prayers and I'm only 15 but I think that we need to slow down the speed limits because there are to many kids and teens getting killed. My friend knew some kids and out of the 4 teens 3 were killed. I had read your article in the paper and right away I went to my computer and decided to sign the petition. I will pass this on to others and my friends. Sincerely Kimberly	8/16/2006 19:30

740		45458	I am so sorry for the loss of your beautiful little girl. My family and I use this Recreation Center more than once a week all year long. This intersection is incredibly dangerous, especially given the sheer number of families with very small children coming in and out of this parking area every day. I can only imagine the pain your family is enduring and wish there was something we all could do to bring Yukta back to you. I certainly hope that now the Ohio Department of Transportation will do something to improve the situation at this very dangerous and highly congested area. Yukta, her big sister Ishita, her mother and her father will be in my thoughts and in my prayers every day. My heart breaks for all of you.	8/16/2006 19:48

766		45458	Very dangerous intersection as we have attempted to cross here many times. I'm particularly concerned about the number of young drivers who attempt to cross here as well, not to mention the number of small children and families who use this rec center. Something should have been done a long time ago...	8/16/2006 21:49
767		45440	I support this petition to lower the speed limit in front of Washington Township Recreation Center and install traffic controls. Overall I believe the speed limit is too high given the large number of businesses on 725 and the large amount of traffic. My sincerest sympathies to you and your family.	8/16/2006 21:54
768		45458	For 6 years I have been driving my children to WTRC and have wondered why a light had not been placed at the entrance to the WTRC. I have thought so many times how dangerous this intersection is. There are so many children entering and exiting the WTRC each day. 780		45458	I have been to the WTRC many times with my children for camps, soccer, t-ball, swim, etc. and my children were students at the Centerville Child Development Center on Garnet across the street for 7 combined years. I've watched this intersection grow and become more and more congested each year for the last 10 years. This is, and always has been, a dangerous intersection that has needed attention. With [REDACTED] WTRC, and the appartments in such close proximity to the strip-mall and Saturn, this intersection needs help. Drastic help. To be honest, the entire stretch of 725 from Lyons to 48 is a problem, but this particular intersection is extremely problematic, and most recently, tragic. Please do whatever is in your power to help prevent further loss of property, and most importantly, life. Our hearts and prayers go out to the [REDACTED] family and to others who have suffered here.	8/16/2006 23:46
781		45459	I definatly think there should be a traffic light at the WTRC. The amount of traffic that enters and exits that parking lot, seems to always be busy to me. Granted there is another way out where you dont encounter the 4 lane crossing of 725. I think that something needs to be done. or simply make the 725 entrance to the WTRC, an entrance only. and the exit by the old cinema, an exit only. What ever, is going to happen i think should happen before anymore lives are lost.	8/16/2006 23:48

792		45458	How do you put a price on life?!?! One life lost is one too many. I, too, was outside at the WTRC when this precious little girl lost her life. As a mother of three, this is completely unnecessary and unacceptable!!! The WTRC and 725 are extremely busy. Please consider the safety of everyone and install a light and re-evaluate the speed limit along 725.	8/17/2006 6:41

793		45458	725 is becoming too dangerous! I was hit in front of Krispin's Plaza last Oct. while traveling east bound. I had all three of my children in the car and was in the left hand lane. A young women who was in a hurry pulled out of the parking lot turning left to go west bound. She crossed over one lane of traffic and would have T-boned me if I had not seen her coming. I swerved out into the turning lane making the impact only to the rear quarter panel. When the deputy arrived he made the comment that the stretch of 725 from the mall to STR 48 has way too many accidents on it. This concerned me because I travel this route often with my 3 kids. If I had not been more aware, my 7 year old could have been extremely injured. The speed limit needs to be changed and the lights need to be better regulated! If a light can not be made in front of the Rec center, I would suggest closing the median in front between the east and west bound traffic and creating a better entrance from McEwen road by the new Rec. west. That would make the front entrance only accessable by west bound traffic and those leaving by the front entrance could only turn right to go west bound. No one would be tempted to cross completely over from Garnet to the Rec center, they would have to go behind Goodwill to go to the light on McEwen. I am extremely upset and sadden about Yukta's death. I am a mother who has been going regularly to the rec center for almost 13 years and I can't even imagine the pain and loss her family is experiencing. I don't want to have this happen again! Please change the road if you can not put a light in. I believe the road change would be for the better anyway, so I will not be happy if there is no change because of a response that the light can be put in that close to the McEwen light.	8/17/2006 6:46

829		45459	We are sorry for your loss	8/17/2006 8:04
830		45458	Please include me in the petition to help create a more safer driving environment in that area. Thanks.	8/17/2006 8:04
831		20111	Please save other kids and their families from having similar accidents.	8/17/2006 8:12
832		45458	I strongly support the addition of a traffic light at this intersection.	8/17/2006 8:13
833		45066	Please please do it before it happens to someone else...	8/17/2006 8:17
834		45385	It is important to add this traffic light before another precious life is lost.	8/17/2006 8:23
835		45342	Please accept this petition as support of the light at the interchange.	8/17/2006 8:23
836		45431	I am in support of this petition, install traffic light and save future accidents and deaths.	8/17/2006 8:25
837		45431	I think that we should have the traffic light near WTRC to avoid any future accidents.	8/17/2006 8:28
838		45458	What greater reason to install a traffic light, than the safety of our children?	8/17/2006 8:28

840		45458	Please take heed and right this wrong.	8/17/2006 8:36
841		45458	please support this petition to prevent further loss Thank you	8/17/2006 8:37
842		45458	I support the traffic rule changes at the entrance to WTRC. One kid is way too many. [REDACTED]	8/17/2006 8:39
843		45068	Please head our request in making some much needed chagnes to this intersection/area. This could have happened to any of us and it is unfortunate that it happened at all!	8/17/2006 8:41
844		45458	This intersection needs traffic control. I cross there often myself and traffic is very heavy. Change is overdue.	8/17/2006 8:45
845		45342	I strongly support this petition.	8/17/2006 8:47
846		45458	I stronly beleive that this issue should be addressed and am very disappointed that the state did not work with the Township when approached about this initially. This death was avoidable.	8/17/2006 8:55

847		45309	We should do all things to create safety before these tragedies occur.	8/17/2006 8:56
848		45432	I petition that traffic rule change be revisited and new laws implemented near the entrance to WTRC for safer travel around and entering the rec. center. No child should be subject to such a tragic accident as Yukta, not when it is preventable! Lets inflict tougher rules for the saftey of our children and ourselves. Continued prayers to the [REDACTED] family.	8/17/2006 8:59
849		45458	There is a true need for attention in the traffic pattern in this area. It is quite difficult to maneuver in and out of the WTRC. Please take into consideration that a child died because of this concern.	8/17/2006 9:06
850		45431	Let's not lose another child in this area, this is a simple fix. Please take action now...no time for surveys!	8/17/2006 9:09
851		45459	I am very aware of the difficulty entering the WTRC from 725. For that very reason, I usually enter and leave the Rec Center facility using what may be the unofficial "side entrance" between the car dealership and the "School of Possibilities". I believe a review of the traffic flow and a safer entrance/exit to the Rec Center is in order. Our community has grown so much since the Rec. Center was first established resulting in increased traffic and facility usage. Thanks for your serious consideration of this petition.	8/17/2006 9:10
852		45430	I support the petition to change the speed limit and to put in a traffic signal at this intersection.	8/17/2006 9:11
853		45458	Please put a light at the intersection	8/17/2006 9:15
854		45066	I completely support this petition. This is a parent's worst nightmare; my heart goest out to them. Don't let another life be lost due to such poor traffic regulations!	8/17/2006 9:16

885		45305	With WTRC being such a great place for kids & families, it saddens me that a child had to die, for someone to reconsider a petition that should have caused a change years ago! What is the problem with slowing down traffic in that area? What could be so important that a simple change could inconvenience? The people who had the power to make a change years ago and refused, simply to cause safety for others', shouldn't be in that position if they aren't going to work for the people who entrusted them to do so. My prayer goes out to Yukta's parents & sister. I hope God's love, brings you comfort, in the midst of such a terrible loss. My heart goes out to you. God Bless, [REDACTED]	8/17/2006 10:57

896		45458	The Centerville-Washington Township area definitely needs lower speed limits on many of it's roads due to the huge number of cars traveling on them-45mph and above are unappropriate and dangerous. Please help prevent another terrible accident by re-evaluating our speed limits.	8/17/2006 12:07
897		45458	I am a mother, too, and while I have had the good fortune not to have to walk in this family's shoes, I know that it could just as easily have been one of my sons in that car. This area is only going to keep getting worse unless we make an effort to make it better.	8/17/2006 12:09
898		45458	Time and time again there have been crashes at that intersection with innocent people hurt! But it can all be made better if there were some traffic regulations. So rather not change the regulations and have more people hurt why not make it better!	8/17/2006 12:19

906		45459	The lack of a light, the high speed of the traffic, and the poor visibility due to trees and bushes make this intersection highly dangerous. Please add a light and/or lower the speed limit.	8/17/2006 13:12

919		45458	I really feel that some action is necessary as I have narrowly escaped an accident at that same location. It is very dangerous and due to the rec center and two nearby daycares, many cars have children in them. Please make Yukta's death mean something. 921		45458	It is very difficult to get in and out of the recreation center. It might help if the median area in front of the recreation center is closed off and make it a right turn only out of the recreation center. Make it so that you can't cross the four lanes of traffic.	8/17/2006 14:49
922		45458	I have children who do activities at the Rec Center and I also think that trying to enter and exit is a very difficult task. Please take this petition seriously.	8/17/2006 14:55

924		45431	I support the following petition. Petition To: ODOT The mission of this petition is to urge The Ohio Department of Transportation : - to install a traffic light at the common stopping point between 725 and entrance to the Washington Township Recreation Center and/or make appropriate changes to the traffic rules for a safe traffic at the intersection of Garnet Drive and 725. - to reduce the speed limit of the traffic on 725 (and near WTRC) to 35 miles per hour or lower. This intersection is used by several people and their families (most of them involving kids) to get entry into Washington Township Recreation Center. With the growth in surrounding areas, it is important to take the safety of all people into consideration. Making appropriate changes to the traffic rules at this intersection would greatly improve the welfare of the entire county as this is a heavily traveled area. Sincerely, [REDACTED]	8/17/2006 15:04

930		45458	Please ensure that this traffic signal is installed. We were at the scene of the accident and it will be something we never forget. This is not a frivolous request.	8/17/2006 15:12
931		45429	If you cannot put a traffic light at that intersection, how about "right turn only" where Garnet intersects with 725. Those who want to turn left could then go through the alley behind Goodwill to McEwen. Even so, you should close the 725 entrance to the Rec Center, moving that traffic off busy 725 to the McEwen entrance to the Center.	8/17/2006 15:18

937		45458	Please install a traffic light at the entrance to WTRC. It is a high-traffic spot, especially involving many children and teenagers. We can, and should, prevent any further senseless deaths as a result of dangerous driving conditions in our wonderful community.	8/17/2006 15:44

939		45458	As residents and tax-payers of Washington Township I am signing this petition on behalf of my family which includes my husband [REDACTED] and our children daughter Maia,(age 10) and son, [REDACTED] (age 5). We have held a "Family Pass" at the WTRC for many years and know first-hand that it is dangerous to even execute a right turn onto Miamisburg-Centerville Road with the speed limit set as it presently is at 45mph. Making a left is far to dangerous; let alone trying to cross all four-lanes to Garnet Drive. Our family's personal "in-auto drill" is for everyone to be silent so that [REDACTED] or Daddy can exit the WTRC parking lot safely while making a right. My daughter was six the first time she asked,"Why don't they just put up a light so everyone can take turns..so no one has to worry about having an accident and getting hurt?" I know that I am not alone when I say with a heavy heart: Something must be done...it is to late for Yukta..but for another we can only hope; pray and petition that it will not be. Respectfully submitted, [REDACTED] [REDACTED] [REDACTED] and [REDACTED] [REDACTED]	8/17/2006 16:01

942		45458	I was at the Rec. center picking up my son at the front door, the day this horrific accident happened. I couldn't begin to describe the sounds and feeling of panic. I grabbed my phone to call 911 and my friend got through before me. Some of my friends went over to help. I had a deep dark feeling of sheer terror and tragedy at that moment. I immediately told my son we needed to pray for all of the people involved, and we did. I could not get this tragedy out of my head, it had an extremely strong impact on me, and my son. When I saw the news about your daughter, I was truly heartbroken and dismayed that such a sweet little girl's life had ended right in front of me. I still think about that day, almost everyday. I want you to know that our thoughts and prayers are with you and we can't even begin to imagine that weight of your loss. What a beautiful thing for you and your family to do, thinking of others during this intense time of pain. We thank you for your thoughtfulness in trying to turn this nightmare into something positive for all of us here in this community. I never knew	8/17/2006 16:28

945		45323	A traffic light at this intersection is a responsible, preventable measure to take to keep our commuters and community members safe. 946		45458	I completely support this petition.	8/17/2006 16:48
947		46052	Thank you for being so active in your community. It is sad but sometimes it takes a traumatic event to shed light on what should have happened in the past. It's people like you and this family that make a difference in the community and the world. God Bless	8/17/2006 17:01
948		45459	Please put a traffic light at this intersection and help to prevent another senseless tragedy.	8/17/2006 17:21
949		45459	Please consider this petition. Yes, people will complain of the inconvenience of another light and a slower speed limit, but they only need to consider the loss of a six-year old girl (and others).	8/17/2006 17:55

953		45324	Please immediately make changes necessary to prevent accidents at this location. Why ODOT take actions only after tragic accidents and loss of lives? Do not wait any longer. Take necessary actions right away.	8/17/2006 18:46

955		45458	I support the need for a traffic light on 725 by the Washington Township rec center. 962		45342	I used to stay in that Area earlier. I strongly support the petition to lower the speed on SR725 and also to install a traffic light in front of the Washington Township Rec Center. Please ensure that this change takes place and that no other Family suffers such a loss as that of The Gargs.	8/17/2006 20:19
963		45459	My won was a classmate of Yukta's at First School and again at Woodland Play Camp this year at the Washington Township Rec Center. This traffic light is a must, long overdue and I fully support it.	8/17/2006 20:21
964		45458	If you answer yes to the following question, "Have I ever had trouble turning out of or into WTRC parking lot?", then you must sign and/or pay attention to this petition. How many concerned citizens does it take to make a difference? I would hope our call to you, ODOT, from this petition will stand as a plea for change. Please review all possible solutions and make a decision as soon as possible for the safety of the citizens in our community. Don't let "red tape" delay any outcomes to this outstanding public safety issue. To the family, I am truly sorry for your loss. Something should have been done earlier. Know that our community is crying for you as you can see from the outpouring petition signatures. We hope you can find some peace and our prayers are with you.	8/17/2006 20:39
965		45066	Please consider what you can do to prevent more accidents from occuring. Thank you.	8/17/2006 21:11
966		45459	Children of all ages attend this rec center. Please make this intersection safer!!!!!!	8/17/2006 21:25

968		45342	I agree that there should be changes to 725 and the traffic rules at the entrance of the WTRC. I fully support any changes. To the parents, sister, family and friends of Yukta: I am truly saddened by the loss of your loved one. My prayers are with you.	8/17/2006 21:51

969		45429	We visit the rec center many times during the week. We have other family members that also enter the rec center on a frequent basis. We don't want this to happen again! Please listen to our request.	8/17/2006 21:51
970		43065	I use to be on the Washington Twp. ■■■■■ and am currently a trauma nurse. I have been to several accidents and have treated several victims from accidents that have occurred on 725, especially near the Washington Twp. Rec Center. 725 has become quite congested over the last 5-10 years. One more stop light along with cameras would be nice near that center. Nothing is more horrific than losing a child. My prayers are with Yukta Garg' family.	8/17/2006 22:49
971		45440	I cannot imagine the pain your family feels at this time. You are in my prayers. God bless!	8/17/2006 22:57
972		45459	I support the petition	8/17/2006 23:20
973		48084	I am really sorry for the family of Yukta, and my heart weeps to read about such a sad incident with an innocent 6 year old as I myself have a 2 yr old, and can understand the pain they have gone through. gOD Bless.. and give them strength! and please do the required at the earliest possible to avoid such horrible disasters from happening to innocent families..	8/17/2006 23:33
974		45344	This is a dangerous intersection and should be made safer. It is a tragedy that the impetus to do this has had to come from the loss of such a beautiful child.	8/18/2006 0:33
975		45458	It is a very dangerous intersection. We hurt for your loss.	8/18/2006 2:13
976		45458	This must be done to protect the lives of innocent people.	8/18/2006 2:14
977		400062	Please make strict traffic rules so that human life is respected	8/18/2006 4:44
978		45431	I'm a former Washington Twp resident and that area is so hard to get out into traffic turning left.	8/18/2006 5:21
979		45342	I am in total support of the traffic rule changes. I drive the route often. It's sad that it takes the death of a child	8/18/2006 5:51
980		45458	I live in Washington Twp, and my entire family uses the rec center. I am in full support of the proposed traffic rule changes.	8/18/2006 5:56

981		45459	Please install a traffic signal at this intersection. It is very difficult for anyone traveling to and from the Washington Township Rec Center as well as the two day care facilities on Garnet Drive to enter and exit this intersection.	8/18/2006 7:09
982		45342	I am deeply saddened by your loss, especially since I have children the same age. There are also 2 daycare centers across the street, so I think improving safety at this intersection is completely necessary.	8/18/2006 7:10
983		45066	A change is needed before another life is lost.	8/18/2006 7:13
984		46254	My prayers are with you.	8/18/2006 7:30
985		45113	Please prevent such a tragic occurrence happening again by reducing the speed limit and putting up a traffic signal at the Washingtown Township Recreation Center in Warren County.	8/18/2006 7:31
986		45458	Everyone in the Centerville - Washington Township area ahs known for many years that this is a dangerous intersection. The traffic on 725 is very heavy at nearly all hours, especially at evening rush hour and on weekends.	8/18/2006 7:39
987		45458	We should definately take immediate action to impliment a traffic rulle change at the entrance of WTRC	8/18/2006 7:39

992		45068	I have been a member of WTRC since moving to Ohio in 1990. I attend regularly and have always thought that the entrance/exit at Garnet Rd. was very dangerous. My office is just around the corner and I am in the area daily. I see near misses with vehicles at this traffic crossing almost routinely. Whenever I leave WTRC, I make it a point to exit out of the parking area through the back towards McEwen Rd. I have always felt that there should be a traffic light and/or "No Left Turn" regulation on the exit directly at 725. I pray that the people at ODOT (who are not in the area to experience this problem) will act promptly on this petition and authorize an immediate change. They need to recognize importance of this problem and eliminate the chance that another person or child could be injured.	8/18/2006 7:54
993		45429	Crossing 4 lanes without a traffic light is pretty dangerous. With the number of cars going in & out of the Rec center with kids, I fully support the change.	8/18/2006 7:57
994		45458	Good Luck	8/18/2006 7:59
995		45459	This is tragic and I hope a traffic light is install soon! I too have worried about turning into the Rec Ctr. for fear of an accident. My heart and prayers goes out to this family. God bless you all.	8/18/2006 8:00
996		45459	I have read the 'in support of traffic rule changes near the entrance to WTRC Petition to ODOT' and I hereby sign the petition.	8/18/2006 8:01
997		45424	Please change the traffic rules so no other family has to bury a loved one under similar circumstances.	8/18/2006 8:04
998		45458	I support this petition. Its going to prevent other accidents. The city needs to put a light there ASAP!!	8/18/2006 8:10
999		45440	Please pass this petition	8/18/2006 8:12

1043		45342	For the safety of children and families there needs to be a traffic light at the entrance of WTRC. With so many activities at the center all year long a traffic light will diminish the unnecessary injuries and loss of loved ones. It is the responsibility of ODOT and the citizens to demand that they protect our families from undue harm.	8/18/2006 10:01
1044		45458	yes	8/18/2006 10:05

1046		45406	It is small thing to do, to provide for the public welfare.	8/18/2006 10:36
1047		45458	If a government body can put a light at Normandy and Spring Valley, it's criminal in my view not to have a light at a dramatically more dangerous intersection at 725 and Garnet Drive. I don't care if there are three lights in a row at McEwen, Garnet and Paragon, the lack of a light at Garnet and 725 is necessary. Please consider this and act in an appropriate manner. 1052		45458	Considering how many young people use the WTRC, and knowing how difficult it is to access 725 at that point during rush hour, I urge you to consider placing a traffic light there that is tripped by a sensor. Our youth are our future. We need to be more sponsible. Deacon Bob Zinck Church of the Incarnation	8/18/2006 11:34
1053		45420	Please install a light at this location before another innocent life is lost.	8/18/2006 11:45
1054		45459	I am in favor of a traffic light at the corner indicated in the article.	8/18/2006 11:57
1055		45429	It is obvious something needs changed in this area. I think the letter from Yukta's parents says enough	8/18/2006 12:04
1056		45458	I support the petition. This intersection is dangerous, particuraly at rush hour when the traffic off of Garnet is significantly increased by the pick up and drop off of children at the two daycare centers.	8/18/2006 12:05
1057		45342	I agree that something needs to be done at this intersection to prevent futher tragedies.	8/18/2006 12:19
1058		45066	It appears to be the time to revisit this intersection and try to stop any more deaths from occurring unecessarily! Thank you!	8/18/2006 12:31

1061		45458	I fully support this pettition	8/18/2006 12:56
1062		45405	At a minimum, changes over time in the volume and flow of traffic at this particular intersection warrant a new review and/or study to determine the need for installation of a traffic signal, or the elimination of the intersecting side street.	8/18/2006 13:02

1067		45458	A traffic light is needed at this intersection. I have had difficulty turning left at the WTRC. You could always use a flashing yellow light after WTRC business hours so traffic can still move faster when the WTRC is not open. A traffic light could save lives.	8/18/2006 13:21

1103		45459	ODOT, Please work with the WTRC to make traffic changes.	8/18/2006 14:42
1104		45458	May your efforts be successful and help prevent other accidents in front of the WTRC. So many people drive in and out of that entrance daily, it is time to put in a traffic light.	8/18/2006 14:44
1105		45066	I visit the WTRC frequently and trying to get across traffic is always difficult..It does not surprise me that there was a death. I have just moved to the area and find many areas needing increased traffic signals.	8/18/2006 14:55
1106		45459	Please listen!!	8/18/2006 15:00
1107		45459	I support this petition 100%. We need to be extra vigilant in traffic safety in an area where so many kids frequent.	8/18/2006 15:00
1108		45458	Please help no one else experience this.	8/18/2006 15:11
1109		45458	Please do not let another tragedy strike before you take action!!!	8/18/2006 15:13
1110		45440	Please - Please -- begging you to install a traffic light at this very dangerous intersection.	8/18/2006 15:17

1111		45458	To: ODOT The mission of this petition is to urge The Ohio Department of Transportation : - to install a traffic light at the common stopping point between 725 and entrance to the Washington Township Recreation Center and/or make appropriate changes to the traffic rules for a safe traffic at the intersection of Garnet Drive and 725. - to reduce the speed limit of the traffic on 725 (and near WTRC) to 35 miles per hour or lower. This intersection is used by several people and their families (most of them involving kids) to get entry into Washington Township Recreation Center. With the growth in surrounding areas, it is important to take the safety of all people into consideration. Making appropriate changes to the traffic rules at this intersection would greatly improve the welfare of the entire county as this is a heavily traveled area. Sincerely, [REDACTED]	8/18/2006 15:26
1112		45005	please put a stop light in.	8/18/2006 15:34
1113		45459	please consider making this intersection safer for all families Thank you	8/18/2006 15:36
1114		45427	This is important for the future of the area. As one who travels 725 often, I understand the difficulties of the traffic patterns.	8/18/2006 15:38
1115		45459	Population growth and increased development of the surrounding areas on St. Rte. 725 have created a public hazard, as devastatingly experienced by this family. It is time for ODOT to take responsibility and increase the safety of this area by lowering the speed limit, adding a traffic light WITH turn lanes, and adding another entrance for the Washington Twp. Rec Center. This intersection is extremely difficult to maneuver and I am quite surprised that ODOT did not think any changes needed to be made.	8/18/2006 15:47
1116		45305	Please help make our streets safer. This is sad beyond words.	8/18/2006 15:47
1117		45458	Whatever the cost of a traffic study, the lights, support structure & installation of same and the re-timing of the traffic light sequence may be is certainly not equal the loss of another life.	8/18/2006 15:58
1118		45458	I support the traffic light change	8/18/2006 16:00
1119		45377	I travel this many times, and it needs to be changed.	8/18/2006 16:03

1120		45459	This intersection desperately needs a traffic signal. Please show that you truly care about safety of the public and agree to these requests. God bless Yukta!	8/18/2006 16:04
1121		45424	With all of the families and their children entering and exiting the park, something needs to be done as soon as possible about the intersection there.	8/18/2006 16:05
1122		45410	Please take care of this before it happens again. Any action other than this is inhumane and inexcusable.	8/18/2006 16:05
1123		45068	I have come close to getting hit several times coming out from this street! It is very dangerous!	8/18/2006 16:13
1124		45459	I am a resident of Washington Township and fully support this petition.	8/18/2006 16:14
1125		45429	I am in support of a traffic light 100% at this intersection. We do not need another tragedy. My Love goes out to Yukta and her family.	8/18/2006 16:16
1126		45458	I live near the Washington Township Recreation Center and visit there often. I fully support the need for a traffic signal near the entrance. Creating safety for our children and citizens should be a fundamental responsibility of appropriate Community and State departments, especially when brought to their attention. I applaud Mr. and Mrs. [REDACTED] who, in their grief of the loss of their daughter, have continued to press for a traffic light so possibly another life will not be taken from us.	8/18/2006 16:21
1127		45440	I am very sorry for the loss of such a beautiful girl. I have a 5 year old and feel your pain. I believe that if this had happened to a town official or public servant that they would want the speed limit reduced as well. Love and God Bless	8/18/2006 16:30
1128		45458	i've lived in Centerville for 19 years and know how dangerous that intersection has become. My recommendation is to LOWER the speed limit to 25mph all the way to the center of centerville [REDACTED]	8/18/2006 16:31

1129		45458	to install a traffic light at the common stopping point between 725 and entrance to the Washington Township Recreation Center and/or make appropriate changes to the traffic rules for a safe traffic at the intersection of Garnet Drive and 725. - to reduce the speed limit of the traffic on 725 (and near WTRC) to 35 miles per hour or lower.	8/18/2006 16:37
1130		45458	This is a very dangerous intersection that MUST BE CORRECTED before another person is injured or killed!! I often fear having or seeing an accident at that location. Not only coming out of Garnet Drive and the (WTRC)Washington Township Recreation Center, but just simply driving down Route 725 in fear someone will dart out in front of me from any direction. PLEASE CORRECT THIS LOCATION WITH A TRAFFIC LIGHT. Anything else may reduce the problem, but would not be as effective.	8/18/2006 16:39
1131		45449	I support this petition and hope that it will ensure the safety of our children.	8/18/2006 16:40
1132		45458	I fully approve the installation of a traffic light at the entrance to the Washington Township Rec Center to make access to the center safer for all.	8/18/2006 16:40
1133		45459	It is difficult to get in and out of the Rec Center from 725, this is a great idea. It must be done. No more tragedy should come from this area.	8/18/2006 16:47

1134		45458	I fully endorse and support this petition. As a long time resident of Centerville, I've taken my 3 teenage boys to the WTRC for many years and on more than several occasions, I've felt that I had to take undue risks in order to either enter or particularly, to exit the facility. The current 45 MPH speed limit on this road is completely unrealistic and represents a major hazard in my view, particularly given the volume of traffic on 725, the volume of traffic into/exiting the WTRC each day together with the multitude of entrances for streets, driveways, shopping centers, etc. so proximate to the WTRC. We're all saddened by the unfortunate and clearly preventable death of Yukta Garg and the heartache it now causes for her entire family and the community. Please take immediate action to rectify this matter by actioning this petition SWIFTLY, before another tragedy occurs! Sincerely Yours, [REDACTED]	8/18/2006 16:50
1135		45459	Please listen to the people of Montgomery County of this petition, DOT! God bless all of our children and families. Cecilia	8/18/2006 16:55
1136		45419	this should have be down sooner to prevent this tragic accident.	8/18/2006 16:56
1137		45459	A light would be necessary, as well as a reduce speed.	8/18/2006 17:09
1138		45458-9405	Please investigate a change to the traffic pattern for entering the Washington Twp. Rec Center off Rte. 725.	8/18/2006 17:18
1139		45322	What a senseless shame to lose a sweet child. I sincerely hope changes are made to prevent this from ever happening again to a family.	8/18/2006 17:25
1140		45458	My daughter attends Centerville Child Development Center on Garnet Dr., just off of Rte 725. The children at CCDC take many field trips, including swimming at the WTRC. It could easily have been our daughter in a similar accident. I strongly urge that this proposal be approved.	8/18/2006 17:26
1141		45458	I support traffic rule changes near the entrance to WTRC and the need for a traffic light at the intersection.	8/18/2006 17:35

1142		45305	As a mother of five, I cannot fathom losing any one of my children. I am also a nurse and have had to watch the grief firsthand of a parent losing a child. There is no way to recoup the loss of your child and is a grief that is felt by the parent until they themselves take their very last breath. I am fully in support of preventing any further tragedy and feel that ODOT is complete remiss in their public office if no safety measures are implemented and enforced by the WTRC. If a school receives special consideration (ie restricted speed limits, traffic signals and increased law enforcement) then why not a center meeting the needs of clients in the same age range possessing the same cognitive abilities? Think about it and DO the right thing by making the appropriate changes to save a life.	8/18/2006 17:40
1143		45342	I wholeheartedly support this petition.	8/18/2006 17:49
1144		45458	This issue needs to be addressed before another tragic accident occurs. The traffic is heavy and fast, and thus dangerous.	8/18/2006 17:52
1145		45042	I support this petition and I think it is a shame that something has not been done. I do hope that the City comes to realize that the loss of life is more costly than the traffic lights will ever be worth. Sincerely, [REDACTED]	8/18/2006 18:04
1146		45459	I am in support of lowering the speed limit and having a light placed in the entrance to the WTRC on RT. 725.	8/18/2006 18:06
1147		45458	in support of traffic rules changes in front of WTRC entrance.	8/18/2006 18:09
1148		45424	Good luck and may God Bless.	8/18/2006 18:12
1149		45342	please see that the traffic conditions are changed.	8/18/2006 18:35
1150		45458	Please change the traffic rule near the entrance of Washington Town ship recreation center.	8/18/2006 18:41
1151		45342	A traffic light is definitely necessary.Had it been there ,it would have saved Yukta.	8/18/2006 19:04
1152		45440	I agree that a traffic light would make the surrounding area safer. I cannot explain the grief I feel for this family, if only a traffic light had been there, this tragedy would never have occured.	8/18/2006 19:11

1153		45419	I support this petition. Our children have attended this camp and I agree that the speed limit is too high for such a high traffic area.	8/18/2006 19:19
1154		45410	I support this petition. Please make changes to save the lives of other children.	8/18/2006 19:20
1155		45458	Due to the unsafe nature of trying to make a left hand turn out of the WTRC onto east bound 725, I have stopped going this direction, I now go out of my way to get around this very dangerous turn. A traffic light in this location or a right turn only at this exit would reduce further accidents.	8/18/2006 19:24
1156		45342	I have seen many close calls at this intersection and fully support a light.	8/18/2006 19:27
1157		45409	Please install a light here, or reduce the speed limit. Please get it done before someone else is killed or hurt. Thank you.	8/18/2006 20:09
1158		45066	I am so sorry to hear about this tragic event. Your family is in my prayers always!	8/18/2006 20:16

1169		45066	I am in support of traffic rule changes near entrance to WTRC	8/18/2006 22:08
1170		45458	Please install a traffic signal at the intersection of SR725 and Garnet Drive. It is an area of much concern and I have seen many very close calls of people leaving and entering the Rec Center.	8/18/2006 22:10
1171		45459	Upon signing this I hope that the Township and ODOT do something to make this intersection safer.	8/18/2006 22:11
1172		45429	Please take heed and add the requested traffic changes so no other little child gets hurt or worse...	8/18/2006 22:12
1173		45387	This is a busy intersection. Certainly keeping the speed limit to 35 mph is necessary as is a traffic light.	8/18/2006 22:13
1174		45343	How many people have to die before Odot gets it together?	8/18/2006 22:15
1175		45458	Since the WTRC is such a busy place for many, including young teen drivers, there should be a way to safely enter and exit the facility. One death is too many. Please help to make sure this does not happen to another family.	8/18/2006 22:17
1176		45458	I support the petition. ODOT, pls approve it and save our children's lives.	8/18/2006 22:17
1177		45419	I am in full support of this petition.	8/18/2006 22:18
1178		45405	It is horrible that washington township has been asking for a traffic light since the late 1980's. Now a precious child who has just started her life is no longer here. Regardless of whether the odot thinks it is neccisary it is. They knew that it was dangerous and they kept denying it.It should not have come to this. Odot needs to quit being penny pinchers and get a traffic light on all state route intersections. Our kids lives as well as ours are more important then any amount of money.	8/18/2006 22:20
1179		45440	Please respond to the need of the traffic signal.	8/18/2006 22:27
1180		45405	Please modify this intersection with some type of 4 way traffic control so that such tragedies no longer occur.	8/18/2006 22:37

1186		45449	There are a lot of children who pass by that area. There is the rec center and 2 daycares at Garnet Dr. We need to do what we can to protect out children	8/18/2006 22:54
1187		45434	Please install a traffic light there. It's long overdue.	8/18/2006 23:30
1188		45458	Please put a traffic light at this location!!!	8/18/2006 23:31
1189		45439	A traffic light at the intersection of SR 725 and Garnett near the entrance to the WTRC is long overdue. It has been denied by ODOT three times when requested by Washington Township. Now a beautiful little girl has been killed as a result of ODOT's inaction. Let's not wait until someone else is killed. Additionally, the speed limit should be lowered to 35 mph on SR 725 between SR 741 and SR 48. I have always thought 45 mph was too fast in this stretch considering the amount of traffic and commerce/businesses in this area.	8/18/2006 23:35
1190		45458	This would help avoid any more unnecessary deaths.	8/19/2006 0:18
1191		45458	I think it is terrible what happened that day at the Rec center. Going out of that exit is a major league challenge at that time of day. I have talked to many people who feel the sameway. We need a light there or at least a sign not allowing left turns outside of that exit.	8/19/2006 3:26
1192		45458	I support the traffice rules change for this petition.	8/19/2006 6:11

1198		45459	This ia an impoortant issue which needs to be reviewed and changed. It is almost impossible to exit the WTRC when we are there.	8/19/2006 7:14
1199		45305	This facility is used by many in our community. Our Children deserve to be protected as much a possible. The changed proposed in this petition are more than reasonable.	8/19/2006 7:31

1201		45419	I support this action.	8/19/2006 7:38
1202		45385	A traffic light at the entrance to the WTRC would also help slow traffic at the McEwen intersection, where there have been serious accidents including fatalities. The twp. trustees should have seen this as a problem when the WTRC was first built. They should have had an entrance off McEwen Road originally.	8/19/2006 7:42
1203		48309	You must act to make this intersection safer for all children who play at the recreation center.	8/19/2006 7:45

1215		45458	This is a dangerous intersection, anyone who travels to the rec. center can see a need for a light. It is a shame this problem was not taken care of before such a tragic accident had to occur.	8/19/2006 8:49
1216		45449-2936	Maybe, with the needless death of this beautiful little girl, ODOT will now deem as justifiable the previously requested traffic rule changes. Please reconsider your previous ruling(s) before other lives are lost. Thank you.	8/19/2006 8:50

1222		45458	Our family fully supports this petition. It is an outrage that it took a tragedy for the ODOT to focus on what has been a safety hazard for years.	8/19/2006 9:15
1223		45459	This is an important action to do. WE MUST HAVE THIS TRAFFIC LIGHT. I do not want anybody else's family to suffer. My children will be going to the Rec Center and I do not want them to be in danger. This is a dangerous intersection and a light is a MUST. God bless the family who lost their precious girl. Please do something about this. No work is required on the road, just lights!!! Thank you.	8/19/2006 9:22
1224		45420	The traffic moves so quickly in that area. Please consider adding a light.	8/19/2006 9:24
1225		45320	I lived in that area for 20yrs., and feel a traffic light at Garnet would be a good thing. However, I do wish people would use common sense AND the access road over to McEwen to get to the rec. center. Take the few extra seconds for safety rather than trying to cross 4 lanes of high speed traffic, so that a tragedy like this never happens again. PLEASE!	8/19/2006 9:29
1226		45458	Please note that the cost of one life was one to many at this very busy intersection, that I myself use several times a day.	8/19/2006 9:33
1227		45459	The safety of everyone who travels that intersection is of the utmost importance.	8/19/2006 9:46
1228		45459	I completely support this petition. My husband and I have used the Rec Center facility for years. Crossing Route 725 at the entrance/exit to the Rec Center is extremely difficult and dangerous. Please do something so that no more lives are lost - one is way too many.	8/19/2006 9:57
1229		45429	We use the rec center and I have three children. I would hate to see this happen again to either one of my children or anyone elses.	8/19/2006 10:16

1230		45458	I support the proposed traffic rule changes to improve the safety of ingress and egress around Washington Township Recreation Center. I believe the existing traffic rules for ingress/egress around WTRC have been unsafe and dangerous for at least several years now. Attention to this matter is way overdue and should be addressed immediately. We are only fortunate that the loss of life at this intersection has not been greater to date.	8/19/2006 10:18
1231		45458	Please listen, this is so important. I have been on this fire department for almost 16 years and have been to countless accidents on St. Rt. 725. Please help insure no other innocent child has to die.	8/19/2006 10:31
1232		45458	I have reviewed this petition and firmly agree that measures need to be taken to make the intersection of Garnet and 725 near the Washington Twp Rec center safer.	8/19/2006 10:44
1233		45458	An additional comment. When route 48 was repaved a couple of weeks ago, WHY weren't turning lanes put in for Social Row and [REDACTED] roads? These are also dangerous intersections.	8/19/2006 10:48
1234		24551	If this will help save a possible life then why not?!	8/19/2006 10:49
1235		45434	I support this without reservations. I have seen the pain this accident has caused, and would feel comfortable knowing that some future incidents may be avoided if this action is taken.	8/19/2006 11:04
1236		45305	I am in support of changing the traffic laws in this intersection.	8/19/2006 11:12
1237		45440	have read the in support of traffic rule changes near the entrance to WTRC Petition to ODOT, and I hereby sign the petition:	8/19/2006 11:13

1238		45342	To: ODOT The mission of this petition is to urge The Ohio Department of Transportation : - to install a traffic light at the common stopping point between 725 and entrance to the Washington Township Recreation Center and/or make appropriate changes to the traffic rules for a safe traffic at the intersection of Garnet Drive and 725. - to reduce the speed limit of the traffic on 725 (and near WTRC) to 35 miles per hour or lower. This intersection is used by several people and their families (most of them involving kids) to get entry into Washington Township Recreation Center. With the growth in surrounding areas, it is important to take the safety of all people into consideration. Making appropriate changes to the traffic rules at this intersection would greatly improve the welfare of the entire county as this is a heavily traveled area. Sincerely,	8/19/2006 11:13
1239		45405	My deepest simpathys for your lose.	8/19/2006 11:19
1240		45066	Please put a light or reduce the speed or something to indicate that there are many children around that area. This was a trategy that I feel could have been prevented if people are aware that this is a highly trafficed area with kids!	8/19/2006 11:29
1241		45409	My family and I feel the deepest sympathy and sorrow for the loss of your precious Yukta. She will always be with you in spirit.	8/19/2006 11:31
1242		45458	This is a very dangerous spot.	8/19/2006 11:36
1243		45429	I use to live in Centerville for 30 years and now live in Kettering, but know the intersection quite well, and know that the road needs a traffic light. The road has needed a light for a number of years and I hope that this helps get the community one.	8/19/2006 11:53
1244		45325	Installing a traffic light is a very small price to pay to save just one life!	8/19/2006 12:11
1245		45459	We need a light in front of the WTRC to make it safer.	8/19/2006 12:20
1246		45459	This has been needed for a very long time.	8/19/2006 12:31

1250		45415	Safety first should be the rule on all roads and especially where activity centers are located. Speed control also should be enforced.	8/19/2006 13:04
1251		45429	This is definitely a very busy area with some changes needed.	8/19/2006 13:08
1252		45449	I am so sorry to read about the loss of your daughter. I avoid this stretch of roadway as much as possible and have gone so far as to "go right to go left" because it is so difficult to navigate safely. I hope ODOT will be able to make changes accordingly.	8/19/2006 13:11
1253		45458	Please help make our community a safer place to live.	8/19/2006 13:38
1254		45458	Something has to be done! Seems like it gets worse every year.	8/19/2006 13:38
1255		46055	I support this petition and am saddened that the tragedy of Yukta's death which could have been prevented by a traffic light.	8/19/2006 14:05
1256		45459	I support the traffic rule changes near the entrance to the WTRC.	8/19/2006 14:11
1257		45459	I support the traffic rule changes near the entrance to the WTRC.	8/19/2006 14:11
1258		45459	I support the placement of a stop light near Garnet.	8/19/2006 14:15
1259		45458	I support this petition. Reduce the speed limit to 35 mph and install a traffic signal. My deepest sympathy goes to the family of Yukta Garg.	8/19/2006 14:17
1260		45458	We were at the Rec Center having just pulled into the parking lot when this happened. I have often thought about a traffic signal at that intersection. I personally will not try to turn left there. I will go around the block to come in with out having to go through all that traffic.	8/19/2006 14:20
1261		45458	I am in full support of this petition.	8/19/2006 14:25
1262		45440	With the many changes to this section. It is time to make some safety changes regarding traffic lights and speed limits. Please take this into serious consideration.	8/19/2006 14:26
1263		45458	Please add safety for our kids and life.	8/19/2006 14:51
1264		45459	I strongly support this issue. It has always been difficult entering and exiting the WTRC.	8/19/2006 14:52
1265		45458	Heartbreaking story. Kudos to the parents of [REDACTED] for the strength to carry on in such a noble fashion.	8/19/2006 14:58

1266		45458	Our prayers are with Yukta's family in this painful time. Let's hope this petition encourages change for the better - in her name.	8/19/2006 15:04
1267		19440	I'm sure the drivers have to wait more than just few minutes before they can find an opportunity to cross the four-lane road with 45 miles per hour speed limit. Any urgency may result in more incidents like this. I request DOT to increase the volume of their ear-drums and listen to the pleading families of that area. Please install the traffic light system at the intersection.	8/19/2006 15:09
1268		45458	I fully support this petition.	8/19/2006 15:17
1269		45440	I agree that a signal needs to be there.	8/19/2006 15:46

1279		45458	It is unfortunate that such a horrible tragedy had to occur to get recognition that this intersection is a problem. I also have young children involved in activities at WTRC and have found that entrance/exit so dangerous that I rarely use it. I even fear slowing down on 725 to turn right into the WTRC because traffic is moving so fast there. My fears were brought home on July 26 when I arrived to pick up my son from summer camp and saw the accident area attended by news crews and emergency vehicles. I can't imagine the grief of Yukta's family. Please fix this intersection before someone else is hurt or killed.	8/19/2006 19:06
1280		45429	I have crossed that intersection many times and it is incredibly dangerous. A traffic is a necessity.	8/19/2006 19:35
1281		45415	Time for a change	8/19/2006 20:17
1282		45459	I think this is a horrific thing for any parent to endure and I agree that a light or reduce in speed should be in force by the Washington Township Recreation center. Sincerely, Amber Forsythe	8/19/2006 20:18
1283		45458	I completely support this petition. It should have been taken care of when first requested!	8/19/2006 20:18

1299		45458	There definitely needs to be a traffic light in front of the rec center!	8/20/2006 7:31
1300		45066	There is no doubt about that intersection being dangerous. It is very unfortunate that no action had been taken in the past even though authorities were aware of the issue. The new signal should be there.	8/20/2006 7:39
1301		45458	Either close the enterance on 725 or put up a traffic light please.	8/20/2006 7:50

1303		45429	I lost a best friend this year due to a similar accident taking place in the West Chester area. She left behind two young children. This was not the first fatal accident that had occured but nothing was ever done in the prior accidents. Thankfully, a traffic light was finally after Meg's death. I do not understand why we wait to install lights, etc when we obviously know that they are warranted. What if it was your child, best friend, or souse that was killed. Would you petition for changes then?	8/20/2006 8:03
1304		45458	I support this petition.	8/20/2006 8:16

1370		45440	Please put a traffic light at that deadly intersection. How many more people do we have to lose before anything is done. I am always hearing about accidents there and something needs to be done before anybody else would lose their precious ones.	8/21/2006 7:01
1371		45458	Please consider a traffic light in front of WTRC to avoid this type of tragedy from happening again.	8/21/2006 7:06

1376		45429	A traffic light must be put in there!	8/21/2006 7:20
1377		45458	Please put a traffic light at the intersection of Garnet and 725.	8/21/2006 7:24
1378		45420	This is a necessity -- this area of town is increasingly becoming more travelled and this will aid the community in only a positive aspect.	8/21/2006 7:43
1379		45458	All my children use the WTRC for various activities. I would be a huge blessing and safety feature for the main entrance/exit to have a stop light. I urge our county/city officials to consider this request strongly. Please do not let it take another lost life for this to be considered any further.	8/21/2006 7:45
1380		45458	The entrance to WTRC is used by so many young kids and parents. So, it is very much essential ODOT makes it safer to enter and come out of it. Lack of traffic light now forces traffic going in or coming out of WTRC to yield to ongoing traffic at a speed limit of 45 mph. That's very dangerous. Hence, both a traffic light and reduced speed limit near this junction is long overdue now. And this recent tragic accident makes it more inevitable.	8/21/2006 7:49
1381		45459	I have also thought it was extremely difficult to get out of Garnet and 725!!	8/21/2006 7:49
1382		45030	I drive this portion of 725 for business reasons fairly frequently. There is a need for a change.	8/21/2006 7:55

1384		45324	I believe that a traffic light needs to be installed to prevent another death at this section of the road. Another lose of life should not happen.	8/21/2006 7:58
1385		45459	My family belongs to the Washington Twp Rec Center on St. Rt. 725. When we leave the parking lot I often go throught the car dealership to turn right onto McEwen because turning left does not feel safe.	8/21/2006 7:59

1392		45429	I have utilized the WTRC hindreds of times, between our co-ed volleyball team and our three children's many events there (swimming, basketball, parties, etc). I also beleive that this would be a perfect place for a stoplight, whether turning in our out. We used to go thru the west parking lot (the old cinemas) to exit due to bad traffic.	8/21/2006 8:26

1395		45434	It is sad that a tradgey such as this is what it takes to get the traffic laws changed on such a busy road as 725.	8/21/2006 8:40
1396		45459	I prefer a traffic light over a change in the speed limit, if there is a choice. I do think it is important to have a light there. My kids went to the WTRC for camp one summer and I also experienced a difficult time with the traffic in and out during drop-off and pick-up times.	8/21/2006 8:42

1410		45458	My kids are at Washington Township Rec Center(WTRC) year round. This entrance into and out of WTRC has for a long time needed a traffic light. It is now and will continue to be very dangerous until a traffic light is installed.	8/21/2006 9:31

1412		45458	Please help make this happen. To lose another life would be tragic.	8/21/2006 9:41
1413		45459	I almost always avoid taking a left out of WTRC and go down to the light at McEwen because this is such a dangerous place to pull out. I think ODOT has been negligent by not addressing this traffic situation earlier; it is just so obviously not a safe setup.	8/21/2006 9:42

1414		45305	I feel that the speed limit on this road needs to be changed. It is way to fast for the congested area. I also feel that there needs to be a stop light put up in this area.	8/21/2006 9:51

1443		45385	Please do whatever is necessary to implement further safety precautions in the area of the Washington Township Recreation Center, specifically on SR 725 in front of the center. Being a father of several children who participate in rec center activities - I have experienced first hand the dangerous traffic situation in this area, which is doubly concerning given the obvious occurrence of many cars with multiple children inside in this area. Please step up and do something about this dangerous area.	8/21/2006 12:46

1452		45459	I cannot even imagine losing one of my children. With the amount of activities for children held at WTRC, a change in speed limit (lowering) seems appropriate...perhaps traffic cameras should also be considered in or around that area also.	8/21/2006 14:47
1453		45440	Please set up a review of this area and approve a traffic signal to alleviate any further accidents and deaths.	8/21/2006 15:07

1464		45459	Do the right thing! Worst case scenario, the intersection needs a light to prevent any more deaths/accidents....although,it may not be a bad idea to close that entrance/exit completely and make everyone enter/exit off of McEwen (just past the existing light) where the completed addition to the WTRC is located? Not only would this be a much safer scenario, it could/would add alot more needed parking as well.	8/21/2006 16:01
1465		63385	If this intersection has increased in volume what would the harm be in adding a light? If there have been several accidents at this intersection and this may be one of many that have died at this intersection, how many more people have to die before the state does something about this intersection. I was activated with the military at [REDACTED] and enjoyed my time in Dayton lets make this a safe place to live.	8/21/2006 16:02

1468		45459	As a parent who also uses the WTRC frequently and knows how difficult it can be to get in or out of the WTRC facility, I realize the immediate need for a change. If the answer is a light, I fully support the addition of one. To many drivers don't realize the potential danger as they exceed the speed limit, so there must be a change that will force them to slow down, and a reduced speed limit isn't enough.	8/21/2006 16:25

1473		45458	From the very first day I went to the Washington Township Recreation Center in the summer of 2003 (when we moved to Centerville)I was terrified of that front entrance. I always make right turns into and from the entrance or use the exit on McKewen. The speed limit on 725 (45 mph) is too fast for how congested the area is, and the Rec Center has so many people coming and going that it seems obvious that some kind of traffic engineering solution is necessary there--despite the fact that it apparently doesn't meet whatever statistics State of Ohio traffic engineering regulations require. When I heard about the accident, I was just getting ready to take my son to swimming lessons and was warned to avoid the front entrance because of an accident. I heard the terrible news as soon as we arrived and it broke my heart--but unfortunately it did not surprise me that such an accident occurred. I can't imagine the pain the family must be suffering in their loss and my thoughts are with them.	8/21/2006 17:01
1474		45459	I travel along 725 frequently and often think how dangerous it has become with increased travelers. Please help keep us all safer by making changes as suggested in this petition. Thank you.	8/21/2006 17:17
1475		45066	I am in favor of the traffic rule changes near the entrance to the Washington Township Recreation Center. The current exit onto St. Rt. 725 should be reviewed. Unfortunately, the recent accident is indicative of the caution/danger members are subjected to in order to exit the facilities. Thank you.	8/21/2006 18:51

1480		45458	There needs to be a light at this crossing into the WTRC and the speed limit should be changed. There are so many parents and children that come into the WTRC. Not doing this is not right. Its for safety.	8/21/2006 20:03
1481		45459	Please install a traffic light at the intersection of Garnet & 725.	8/21/2006 20:07
1482		45459	I have only lived in Centerville for two years, but having traveled this part of OH 725 many times. It is a very difficult street to cross anywhere except at a traffic light. 1505		45458	I support this petition 100%. A traffic signal at the Rec center is long overdue.	8/22/2006 6:04
1506		45434	I'm in support of the traffic rule changes!	8/22/2006 6:33
1507		45459	All safety measures should be taken in every respect anywhere there are children nearby. The life of one child is too much. I live in Centerville/Washington Twp. area and see the increase in the amount of traffic due to the growth in the South Dayton area. Please add a light that may prevent another accident/death on Rt 725. [REDACTED]	8/22/2006 6:46
1508		45458	We are extremely sorry to hear about Yukta. Our Condolences are with your family. We would strongly agree to introduce traffic lights at the entrance of Washington Township Recreation Centre and reduce the spped of traffic. Venu & Sheela	8/22/2006 6:49
1509		45403	Please listen to the pleas of the people.	8/22/2006 6:55
1510		45458	Greetings! I strongly support that the traffic rule changes. Installing a traffic light and speed limit by the entrance of WTRC are highly recommended. Due to the fact, I am a mother of 3 children,regular WTRC users. And we lived right across the WTRC and each day i find it quite difficult to go across or turn left from Garnet Dr. to I-725. We appreciate your prompt respond to this important matters. May God be your guide. Sincerely, [REDACTED]	8/22/2006 6:57

1512		45458	Traffic light or Right turn only on to 725.	8/22/2006 7:12
1513		45459	So many young drivers, and cars with child passengers come and go from the rec center. It is time to put safety before money and install a traffic light there.	8/22/2006 7:21

1514		45040	I'm not sure if I am allowed to sign this petition as I live in Mason, but I do WORK in Miamisburg and also wish for the safety of all, particularly in light of this tragic loss. PLEASE ACT TO ENSURE THE SAFETY OF OUR CHILDREN! Thank You, [REDACTED]	8/22/2006 7:49
1515		45459	I have always thought that was such a dangerous intersection.	8/22/2006 7:51
1516		45459	Please reduce the speed limit around and near the 725 McEwen road areas, and add a much needed stop light.	8/22/2006 7:56
1517		45458	Please change speed limit to 35 mph. Either put a light in or close up intersection so everyone must go to McEwen. This is a very bad intersection. I have had on several occasions people turning left in front of me.	8/22/2006 7:58
1518		45459	Yukta's story is painful to read. I am a mother of an 8 year old little girl. I can even begin to imagine what life would be like without her. We attend the Washington Rec Center and I agree there should be a traffic light. It is difficult to get in and out of.	8/22/2006 8:08
1519		45458	My family visits the WTRC often and have always felt it is ridiculous that a community activity center patroned mostly by families does not have a safer mode of entry and exit. Changes in traffic rules near the center are imperative.	8/22/2006 8:12
1520		45409	I sign the petition to put in a light	8/22/2006 8:12

1524		45305	I support traffic rule change near the entrance to WTRC so that no other child or adult will be injured.	8/22/2006 8:30
1525		45036	I know I do not live in the township of the Rec Center, but I visit it often with my children and other children. That is a dangerous turn for anyone. 725 is a very busy road and a traffic light there will keep everyone safe. Thank you!!!	8/22/2006 8:39
1526		45459	It is extremely difficult to make a left turn from Garnet onto 725. I've seen people get frustrated and take foolish chances because they've spent a lot of time waiting.	8/22/2006 8:48

1567		45458	We have a two year old child and it hurts to even imagine the nightmare of this avoidable tragedy. We live within two miles of this wonderful facility and make regular visits. It is reckless for Washington Township to provide a highly desirable community center while endangering our youth in a non-regulated - high speed traffic area. It is apparent, the local Sheriff Department is well aware of the situation with their staged routine speed trap (park in nearby Funeral Home on Rt 725) ... speeding in a 45MPH zone (55-65MPH ? ? WOW !). Would you want your children's playground and parking lot next to intermittent 50-65MPH traffic ? Hell No !! Time to use some common sense, protect the community, spend some money on traffic control. If law enforcement needs to set speed traps outside of a community center then someone in city planning dropped the ball (miscalculated). There should be consideration for lower speed limits (35 MPH) and Yellow blinking lights from 7AM to 7PM. I am very sorry for the [REDACTED] family and our prayers are with them. This news has been devastating to my young family and I am sure the community. We need our civil service to protect us better.	8/22/2006 16:41
1568		45040	Please approve this petition so no more innocent lives will be lost. My prayers and the Lord's love go out to the family.	8/22/2006 17:21

1584		45458	It is a shame that someone so young and full of life has to die before our public officials realize that measures that should have been taken before, are requested to preserve other children's lives. 1592		45459	We need a traffic signal here now. It is sad to think we must wait for the death of a child to take action on such a simple but dangerous problem. Many of us have tried to circumvent the difficult intersection by cutting through private property to get to a signalled intersection but this is not a solution. Please put a signal in now. It's a trajedy and senseless that this beautiful little girl had to be killed before the appropriate measures could be taken to make this area safer for all traffic. PLEASE do whatever is necessary to make this area safer.	8/24/2006 8:08
1644		45458	I'm the parent of four grade school age children. We use the recreation center and it's programs often. In addition to supporting the proposed petition, we suggest prohibiting left hand turns onto 725, if a light won't be installed. The sight distance is limited when looking for eastbound traffic, as it rounds the corner from McEwen, often at 45 mph. Then, drivers have to consider traffic directly across 725 coming from Garnet. I have seen more than my fair share of poor driver decisions in this situation. The citizens have waited long enough for their government to deal with this accident prone area. Please don't delay resolution until another tragic accident happens. Thank You. [REDACTED] [REDACTED]	8/24/2006 8:41

1645		45449	I travel this portion of St Rt 725 on a frequent basis, I work right around the corner. The number of accidents is sometimes overwhelming. Please investigate the need for revised speed and traffic monitoring.	8/24/2006 9:44
1646		45066	please install a light at this dangerous intersection to save lives	8/24/2006 10:53
1647		45342	I know that has become a high traffic area, as well as other areas in Washington Township, Miamisburg-Centerville area. The cops can be on outlook to ticket more offenders, as many families are driving from here to there in hopes of reaching safely.	8/24/2006 12:12
1648		45459	We need a change to promote safety!	8/24/2006 14:56
1649		45458	I agree with this petition because the ever growing community is indeed bringing more traffic. Traffic is especially bad when there are events such as swim meets and Woodland lights. My prayers are with the [REDACTED] family.	8/24/2006 16:47
1650		78681	Please don't let another family suffer unnecessarily from something that can be totally preventable. Do the right thing and make the necessary traffic changes to prevent another injury or death. My sister and her family use the WTRC and I would hate to get a call like the one this family has received after the death of their daughter.	8/24/2006 17:12
1651		45066	I am fully in support of the petition.	8/24/2006 17:18

1656		45420	Trying myself to get out of that intersection and wanting to turn left, I found that traffic was too fast and too dangerous to complete that task safely. My prayers are with the Garg Family. It should have never come to this kind of loss.	8/25/2006 7:54

1657		45449	After all of these years and the growth of the area, it is about time to put up a traffic light or use a block so that cars can not go straight across or turn left.	8/25/2006 7:58

1664		45459	We definitely need a light at the WTRC - my granddaughter was a passenger in the car that hit the little girl's car - there was absolutely nothing they could have done to avoid the accident. 1666		22902	We have lived in the area for few years and have witnessed the scene of accident recently. It was indeed a shock to know that the traffic rules here (traffic light and speed limit) have not changed in last 23 years. We could clearly see a big change in traffic patterns from what it used to be 3 years back. This suburb is exploding with new businesses, resulting in a bigger traffic movement. We request to reconsider the speed limit and traffic light at this busy juncture. This will not bring our Yukta back but it might result in saving someone else's life. Thanks,	8/25/2006 10:09

I can speak from first hand experience, when I was 17 I lived in Wheeling West Virginia and my 12 year old sister was murdered for no apparent or good reason. We lived in a small community and there was no street light in our circle where we lived. We also tried to petition to get a street light to help illuminate the area. 1698		45459	I cannot urge ODOT enough to take this petition seriously. Some change needs to happen, the 725 exit out of the Rec is very difficult and with so many Teenagers, Parents with Children and Elderly participating in actives offered by the facility it is imperative that a solution be implemented. The traffic is continuing to increase in the area. This problem cannot be pushed aside or ignored.	8/25/2006 20:44

1701		45459	We need a traffic light installed at Garnet & Rt 725. The safety of our children is the # one priority with the issue. This has been a concern of our family since the Recreation Center & Park were first built in the Township. The traffic problem at this intersection has been ongoing since we became residents of the Township in 1980. We are outraged and angered..... ODOT needs to approve the Township's request for a traffic light immediately! Also,the speed limit needs to be adjusted to [REDACTED] please slow down!! 1705		45458	I passed the scene of accident. I feel the speed of traffic and lack of traffic lights at an area where many of the communities children gather at the rec center is out of date. There should be a traffic light at the rec center, and the speed zone for family or children related activity areas should be 25 miles per hour or less. Just as there are speed zones for schools. The time to slow traffic or create traffic lights is not after a death of a child, or at the time of a death of a child in an accident--- but at all times to prevent the death of a child. Let us not build a place of fun for family and kids and then have our society fail to create the rules and regulations in getting them in and out of such areas safely whether walking or riding in an automobile. Left turns should be on the green arrow only in such vulnerable areas.	8/26/2006 12:05
1706		45434	I work in Washington Township and would feel happy about giving my taxes this year if they are being used to keep our area children and families safe.	8/26/2006 13:11

1710		45459	The Washington Township Recreation Center is a wonderful place for young children to participate in after school care, camps and various activities each day. Their enjoyment of the WTRC is shared with their parents, teenagers of driving age and Senior Citizens of the community. We also have invited guests from visiting teams and friends from other communities who visit us at the recreation center. I always felt there should be a traffic light at the main entrance to the rec. center and now with the unfortunate death of a young member of our community there should be no question as to how important the traffic light is to our community. I wish the light was there already so we would not at this time be mourning young Yukta Garg. Our hearts go out to her family and friends. I too feel this tragedy could have been prevented. Let's not wait on more statistics! We know what needs to be done. Install the light ASAP!	8/26/2006 16:13
1711		45458	We support this petition.	8/26/2006 16:30
1712		45342	All schools and family recreation centers should have stop lights/slower speed limits in front of them for easier access. A similar incident happened in Columbus Oh several years ago. A mother had dropped her children off at school and had to make a difficult turn onto a road crossing traffic where she was hit by another vehicle and killed. In Columbus they did end up installing a stop light for easier, safer access to the school.	8/26/2006 17:16
1713		45458	I support the move to have a traffic light.If it can save a life ,why not?	8/26/2006 17:45

1716		45305	Life and children are the most precious gifts we can ever receive. Once they are taken away from us, we can not bring them back. It is far too important to place safety above convenience, and we must slow down the traffic in front of the WTRC. As a life-long resident of the Dayton area, I strongly support this petition.	8/27/2006 6:41

1723		45458	We live off of Garnet and have been calling Washington Township for years complaining about this horrible intersection and how dangerous it is. Our great sympathy to Yukta's family and this needless tragedy.	8/27/2006 12:04
1724		45458	As someone who has had to deal with this intersection for 8 1/2 years, I have to say it is one of the worst in Dayton. There doesn't even need to be a light here - People simply need to be prevented from being able to cross four lanes of traffice. There are other, far safer routes to the WTRC and intersections in either direction. Again, this is *not* an expensive fix: create a significant barrier to stop people from trying to cross at this juncture. [REDACTED] [REDACTED]	8/27/2006 12:14
1725		45305	I think a light is in need at this location. It is a very busy area and sometimes difficult to get in and out of the WTRC parking area. This could have been prevented!	8/27/2006 12:46

1728		45458	We have lived on Garnet Dr. for 22 years and have seen firsthand for years the true need for a traffic light at the end of our street. 1733		45459	As a resident of Centerville, I can attest to the traffic on 725 and the difficulty one faces in getting out of the Rec Center (this is not an obscure store, but this thriving community's recreation center!!! It should be easily accessed.) The death of Yukta Garg breaks my heart. It is such a shame and delay in the granting of this petition would be indefensible.	8/27/2006 16:43
1734		45458	I am definitely PRO for this traffic rule change. Every day I am at the WTRC and I have a hard time leaving this place. How many accidents and deaths of innocent children do we need in order to get a traffic light?	8/27/2006 17:12

1744		45432	I would like to help to pursue a safer traffic near Washington Township Rec. Center. To my surprise a few years ago Ohio Department of Transportation had rejected a petition related to the traffic light at that junction. We also discovered that the speed limit on that segment of the street remains unchanged for last 23 years despite the continuously increasing traffic on SR 725 due to the growth of adjoining suburbs. I believe a new petition will help in providing a safer traffic situation near WTRC.	8/28/2006 9:14

1770		40513	I agree with the petition	8/29/2006 15:44
1771		94086	Painful to see a little 6 years old have to give her life away in absence of the traffic light. Hope the city take action to avoid this hapening to someone else.	8/29/2006 15:44
1772		77083	I think its very sad what happened and actions should be taken so something like this doesnt happen again.	8/29/2006 15:55
1773		40513	I agree that the speed limits and that a traffic lights should be reviewed. Including both, lowering the speed limit, putting up traffic lights, and any other safety measure required. It is sad to hear what happened, and hopefully whoever is in charge will make the place safer.	8/29/2006 16:09
1774		45458	What happened was a tragedy and should never be repeated.The pain and trauma the family of a beautiful little angel has experienced ,i hope and pray nobody ever has to ever go through it.So please for the safety of all the young children who go to WTRC on daily basis,this traffic rule should happen. Thankyou	8/29/2006 16:46
1775		60103	it can save lives by putting up a traffic light!	8/29/2006 17:14
1776		60060	I believe a traffic light should be put up athe the mentioned intersection for a safer community.	8/29/2006 19:32
1777		60176	Something like this should have been prevented. The traffic change is necessary so that this does'nt happen to someone else.	8/29/2006 20:07
1778		45458	Please make this intersection safer for our kids as soon as possible.	8/29/2006 21:13
1779		25309	Another tragedy could be prevented by putting a traffic light at the intersection.	8/29/2006 22:00
1780		43054	Value life - add traffic lights where necessary.	8/29/2006 22:06

1782		45458	If this helps to save another precious life, I am all for it. How tragic to lose a beautiful little girl. My heart aches for this family. The Rec center is very difficult to get in and out of most of the time. The time of day really does not matter. That particular stretch of SR 725 is always busy. We participate in activities at the Center and will drive all the way behind the Saturn dealership to be able to get out on to SR 725, turning on McEwen and then turning at the light on 725.	8/29/2006 22:32
1783		45440	Help save lives now!	8/30/2006 8:07
1784		45373	Something need to be done to prevent another needless loss of life	8/30/2006 10:13
1785		45309	Please add my name for this petition.	8/30/2006 10:43
1786		43054	Fully support	8/30/2006 11:09
1787		45459	I support the petition to place a light in front of the WTRC.	8/30/2006 13:52
1788		60502	There is nothing more valuable than a kid's life. I support this petition of "Traffic rule changes near the entrance to Washington Township Recreation Center" from the bottom of my heart. I hope no one else has to go through the unfortunate terrible tragedy that Mr. & Mrs. [REDACTED] had to go through in loss of their dear daughter [REDACTED] in car accident in the same area. [REDACTED]	8/30/2006 14:07
1789		45458	pease install lights wherever the chance of accidents are high.	8/30/2006 14:58
1790		45429	Please consider the petition. Immediate action should be taken before another innocent life is taken.	8/30/2006 18:34
1791		43054	I support this petition and kindly request ODOT to consider this petition and help prevent such tragedy.	8/30/2006 19:24

1792		45458	What a mess! Goodwill, the adjacent shopping plaza, [REDACTED] The Rec Center, 4-lanes of hi-volume SR-725 traffic, a major neighborhood artery...whoever approved the Garnet access/exit plan needs to be punished for his/her stupidity. It's a filthy shame someone had to die to get anyone to do anything about this problem.	8/31/2006 4:39
1793		45305	Please make this intersection safe for our kids	8/31/2006 7:18
1794		45305	Our prayers are with you	8/31/2006 7:19
1795		45305	Please make this intersection safe.	8/31/2006 7:19
1796		45342	Please make this intersection safe for our kids	8/31/2006 7:22
1797		45342	Please make this intersection safe for our kids	8/31/2006 7:23
1798		45325	I would hate for an accident like this to ever happen again!!	8/31/2006 12:29
1799		45036	I am heartbroken by this tragic story. I support this petition!!	8/31/2006 13:03
1800		45036	I support this petition.	8/31/2006 13:18
1801		45459	My husband and I live just behind the Recreation Center and have seen/heard about many accidents at this area. It is a very high traffic area and something needs to be done to stop the unnecessary accidents and stop the potential for another catastrophe, such as what happened to this lovely little girl. Please consider seriously my request. Thank you.	8/31/2006 14:26
1802		45459	It is a shame that this little girl had to lose her life because of something that should have been resolved by you(ODOT).	8/31/2006 15:41
1803		45429	I am in favor of a light.	8/31/2006 15:46
1804		45459	i hope to see changes be made because seeing a little girl die from a car crash that could have been prevented from happening thank you!	8/31/2006 15:53
1805		45459	for Yukta Garg	8/31/2006 17:35
1806		45458	A traffic light is a MUST in that intersection. Please support this very needy request.	8/31/2006 18:45
1807		45065	Please use some common sense and put appropriate traffic lights in to prevent this from happening to anyone else. Thank You	8/31/2006 19:09
1808		45440	I strongly support this petition.	8/31/2006 19:25

1809		45440	I also strongly support this petition.	8/31/2006 19:26
1810		45419	As a parent, it is hard to imagine the pain of the family. Please prevent any more accidents at this intersection	8/31/2006 21:27
1811		45327	Please make that area more safe. Thanks.	9/1/2006 5:25
1812		40243	Our great-nephew attends a daycare near this intersection. We have traveled the area and consider it hazardous. Please consider this request.	9/1/2006 8:03
1813		45242	I would like to see a light added at this intersection and the speed limit reduced.	9/1/2006 8:05
1814		45342	I read the "in support of traffic rule changes near the entrance to WTRC Petition to ODOT" and I hereby sign the petition.	9/1/2006 8:08
1815		45304	For the safety of all people that use that intersection	9/1/2006 8:49
1816		45404	Needs to be done to protect our loved ones!	9/1/2006 9:29
1817		45005	Please help fix this before more people end up without a child or a child without a mom or dad because of something that can be fixed .	9/1/2006 10:04
1818		45458	Let's get this done ASAP. This long term problem should not claim another life. If it is about money, we can start a campaign. [REDACTED] 5000 [REDACTED] [REDACTED] Centerville, Ohio 45458 937 974 3787	9/1/2006 10:53
1819		45459	I have a three year old daughter who also attends activities at the rec center. I have also noticed the reckless driving of many individuals at this junction and hope that there will be quick measures taken to ensure that another tragedy like this does not happen.	9/1/2006 11:55
1820		1224	Please make that area more safe. Thanks.	9/1/2006 13:07
1821		45068	Please help our community and families stay safe and consider granting this petition.	9/1/2006 13:10
1822		45459	Too bad you had to let someone die (and a child at that!) before you respond. There had better be a light up there befor we lose another precious life.	9/1/2006 15:25
1823		45371	this beautiful child may still be with her family if you would have made this intersection safer for family members. Please do something to save another family from such tragedy.	9/1/2006 20:08

1824		60190	I am very sorry for your loss. God has a purpose for every action made in life and although you must feel so much pain with your loss, this petition will help the next mother,father, sister, brother from losing their loved one. Try to keep thinking positive thoughts and remebering all the good memories. I am on your side and so is god.	9/1/2006 23:56
1825		60061	please.	9/2/2006 0:02
1826		60073	Please set up a street light in this intersection.	9/2/2006 0:03
1827		60712	Im sorry for you lose...no one should have to deal with these types of things...	9/2/2006 0:26
1828		45036	Area in front of WTRC is unsafe. Increase of traffic makes it very unsafe to enter or exit the rec. You take your chances because drivers go way too fast.	9/2/2006 13:12
1829		48178	We can contest to the fact that that area needs changes. When we lived in that area we had our daughter enrolled in programs at WTRC and it was very tricky trying to get in and out of there. Although this story is very tragic, I'm not surprised by it. I'm very saddened that a life had to be lost before anyone would do something by this. Please open up your eyes and heart before someone else gets hurt or another life is lost. My prayers to this family.	9/2/2006 14:02
1830		45458	Long time overdue. With increasing traffic, something needs to be done to make that intersection safe.	9/2/2006 14:37
1831		45449	My thoughts and prayers are with you and your family.	9/2/2006 18:59
1832		45066	This is a very dangerous area. Not only should a light be put here, but the speed limit should be reduced.	9/3/2006 0:57
1833		45458	My wife and I hope that you will put a traffic light up at this intersection. It is very dangerous to cross 725 at Garnet.	9/3/2006 9:34
1834		45458	Please put a traffic light at this intersection. With all the children traveling in this area, we need to make it as safe as possible. Please.	9/3/2006 9:37
1835		45429	One death at this intersection is too many.	9/3/2006 10:38
1836		45424	May she rest in peace and may her family find comfort in helping others.	9/3/2006 12:33
1837		45458	I am in support of a traffic light in front ofthe WTRC	9/3/2006 13:40
1838		45459	A light at the entrance to the rec center is long overdue.	9/3/2006 13:49

1839		45458	Please make this change before another family suffers a tragedy.	9/3/2006 16:08
1840		45458		9/4/2006 7:15
1841		45458	Please make this happen.	9/4/2006 9:04
1842		45342	With all the traffic on 725, it would be much safer for everyone to make some changes to this area.	9/4/2006 13:37
1843		45458	Please keep our children safe. The WTRC is for children to enjoy and many families are trying to enter across 725 which has become increasingly busy in the last 10 years.	9/4/2006 20:39
1844		45458	The volume of traffic through this area is increasing by the day. At what point is a light justified? How many more lives will be needlessly taken? One life is too many.	9/4/2006 21:04
1845		38016	I am sorry for your loss and only hope that the memories will give you strength.	9/4/2006 22:21
1846		45458	I agree that this is a very dangerous spot and hope that no more lives are lost before a change is made.	9/4/2006 22:25
1847		45305	I pick up my grandson from daycare using this intersection. With two daycares and the Washington Rec Center, this intersection has a high volume of vehicles entering and exiting these side streets. Please make it safer to use these community/family facilities.	9/5/2006 10:16
1848		45430	It is unacceptable to not have a light at this intersection. The speed is also way to fast on this road. To many businesses have been built for the speed to be 45 mph.	9/5/2006 11:08
1849		45068	We play ball at the WTRC and agree that this intersection if very dangerous. Please help by doing something about it.	9/5/2006 11:19
1850		45458	We need a light there!!!!	9/5/2006 11:19
1851		45458	Please provide a traffic light and lower speed limit at this site to give Yukta's family peace of mind and all the families that visit the rec center.	9/5/2006 11:27
1852		28277	There is increasing traffic in and out of the WTRC...a traffic light is needed.	9/5/2006 11:29

1853		45458	I hope and pray that this petition helps to get a light put in at the intersection. The thought of someone else being hurt or killed there is sickening. I hope that no one else ever has to experience the overwhelming grief that the [REDACTED] family has. The entire Garg Family will remain in our thoughts ands prayers. God Bless.....	9/5/2006 12:19
1854		45342	Please install a traffic light at the common stopping point between 725 and entrance to the Washington Township Recreation Center and/or make appropriate changes to the traffic rules for a safe traffic at the intersection of Garnet Drive and 725.	9/5/2006 13:17
1855		45342	Please lower the speed limit and put a light at the WTRC entrance. I used to work there and know the difficulty of entering and exiting the facility.	9/5/2006 13:34
1856		45066	We fully support the Petition and the Traffic Signal at the Garnet Street will surely help a lot of families coming in and out the street due to the day care centers in that street.	9/5/2006 15:17
1857		45342	It is tricky getting in and out of the rec center durin higher traffic times of the day	9/6/2006 7:15
1858		45459	I AM IN SUPPORT THE TRAFFIC RULE CHANGES NEAR THE ENTRANCE TO WTRC	9/6/2006 7:26
1859		45420	Please help prevent this tragedy from happening again!	9/6/2006 9:23
1860		45342	I have read the in support of traffic rule changes near the entrance to WTRC Petition to ODOT, and I hereby sign the petition.	9/6/2006 11:49
1861		45459	Help this happen for all the kids!!	9/6/2006 19:34
1862		45458	I support this petition	9/6/2006 19:37
1863		45458	Please take action to put a traffic light in place. We don't need any more injuries or deaths. Thank you.	9/6/2006 20:28
1864		45458	I support the petition to install a traffic light at entrance of the WTRC.	9/7/2006 8:58
1865		45365	As the saying goes "better late than never" it is not to late to bring in the changes so now is the time.	9/7/2006 10:32
1866		45458	why does a mom and dad have to lose a child to get attention to an area that has already had problems?	9/7/2006 19:52

1867		45458	I fully support this petition for a traffic light at the intersection of Garnet and St. Rt. 725. I walk in that area regularly and have been concerned about that intersection for a long time. I am also a neighbor of the family and grieve with them the loss of Yukta. Please act now so that no other family loses a beloved member.	9/8/2006 8:46
